OF THE

CITY COUNCIL

FOR THE YEAR

1911

Council Chamber, Kingston, Jan. 9th, 1911.

The inaugural meeting of the Council of the Corporation of the City of Kingston for the year 1911 was held in the Council Chamber at 11 o'clock a.m. to-day.

J. M. Farrell, Police Magistrate, administered the declaration of office to the Mayor Elect, Christopher James Graham, who then took his seat and administered the declaration of office to the Aldermen Elect as follows:—

Sydenham Ward—William John Fair, Robert Hanley, Richard Henry Toye.

Ontario Ward—Thomas Francis Harrison, Robert Edwin Kent, Timothy John Rigney.

St. Lawrence Ward—John Carson, Robert Fawcett Elliott, David Alexander Givens.

Cataraqui Ward—Robert Fraser, William Arthur McCarthy.

Frontenac Ward.—Franklin John Hoag, James Stuart Richardson McCann, Arthur Edward Ross.

Rideau Ward.—Richard Goodson Armstrong, William Robert Clugston, Daniel Couper.

Victoria Ward.—Samuel Richard Bailey, John William Litton, Abraham Shaw.

The City Clerk then called the Roll, the following members being present:—

His Worship Mayor Graham, Ald. Armstrong, Bailey, Carson, Couper, Clugston, Elliott, Fair, Fraser, Givens, Hanley, Harrison, Hoag, Kent, Litton, McCann, McCarthy, Rigney, Ross, Shaw, Toye.

MAYOR'S INAUGURAL ADDRESS.

Kingston, Jan. 9th, 1911.

Gentlemen of the Council of Kingston:—

Looking around this Council Board I cannot but be struck by the fact that old faces are gone and in their places are to be seen those of men in whom the electors have expressed confidence. While we must necessarily regret the loss of good men from the City's service it is a matter of congratulation that those who take the places of those who are gone are men of promise and stand high in the citizens regard. To you all I extend a most hearty welcome to the Council Board and trust that when the year's service is over that the electors whom we represent will at least give us credit for having, to the utmost of our abilities, advanced the general welfare of the city.

Let me assure you that I feel that the satisfactory discharge of the duties that will fall upon me as Mayor and Presiding Officer for the year is no light task. I am, however, encouraged in that I am surrounded by an efficient body of men whose confidence I hope to enjoy and whose active co-operation and assistance I feel sure will always be mine.

If you will permit me I should like to make a few suggestions touching the administration of civic affairs.

The Board of Works must be given a far larger appropriation than that of the past few years if the wretched condition of our streets is to be remedied. All must realize that most of our roadways are anything but creditable but before improvement can be looked for, money must be provided. At times it appears to me that the city and Alderman overlook the fact that the dollar of today does not do the work of the dollar of ten or even five years ago. It costs more to live and it costs more to keep up city streets. Wages are higher otherwise men could not live, and materials have also risen in price. It occurs to me that we do not make as good use as we should of our scarifier and roller. Why not scarify those of the more thickly macadamised streets, draw the loosened materials to the centre for the purpose of forming a crown and then by the addition of further metal and top dressing, well rolled, form new road-ways at lessened cost than under the present method of construction.

Fewer concrete walks should be built in the most outlying districts where vacant lots rather than houses are to be found. So soon as the demand for these lots arises, walks may readily be built and in the meantime the demand on the city's funds would be reduced.

It is a matter of congratulation that the good judgment of

the electors prevailed and that funds have, through the passing of the light by-law, been placed at the disposal of the light department permitting the removal of our obsolete system of street lights and the installation of a system that will do credit to the city.

I feel satisfied that the Light, Heat and Power Committee and the Fire and Light Committee will give this matter thorough consideration but would respectfully suggest that in deciding the position of new lights it be ever kept in mind that all parts of the city should be lighted, that there should be no corner, no matter how far removed from the city's centre, where from fear of darkness, a woman should dread to walk alone.

The question of power has had considerable thought during the past year and while we have arrived at no definite results I hope that the negotiations now in progress will prove to be moves in the right direction and that in the near future we may close a contract that will enable us to compete with other municipalities in supplying energy at a low figure to prospective industries.

Typhoid fever has regrettably been among our people for the past few months through an unfortunate leak in our intake pipe near the shore line. The source of trouble has been located and a new pipe ordered. We are safe in assuming that Ald. Carson, if Chairman of the Water Works Committee, will spare no effort to promptly remedy the evil, ever bearing in mind that the health of the people must be protected and that ample provision must be made to secure pure water during the laying and connecting of the new pipe regardless of the expenditure of a few hundreds of dollars more or less. With this improvement completed and the dead ends connection with the main service let us hope this avoidable scourge may be a thing of the past.

From time to time my attention has been directed to the annoyance that arises from smoke from some of our large manufacturing concerns and also from the stacks of the water and light plants. Would it not be wise for the city owned plants to set a good example by installing the necessary equipment for the consumption of smoke? Information has been furnished me to the effect that this can be done with a small first cost and little or no loss in steam producing power. I direct the attention of Council to the matter.

New Year's Day saw the last toll road freed and we may now congratulate ourselves that, with the exception of those who cross Cataraqui Bridge, all our friends in the county may now have free access to the city without the annoyance of toll paying. Anxious at all times to do everything that will widen the city trade it occurs

to me that the Council should early take into its serious consideration the possibility of freeing the market from tolls. It is ever to be remembered that the market place is an advantage not only to the farmer but to the purchaser as well. It is the place where buyer and seller meet. Kingston has always been proud of her excellent market and we must try to maintain its superiority.

Members of Council have fresh in their minds the attention that has in the past few years been given the problem of garbage collection and that owing to failure of funds no satisfactory solution has been reached. To me this is one of the important features of civic government. May I hope that Council will appoint a strong committee to take this matter in hand with the firm determination of working out a way of promptly and adequately removing at least during the warmer weather months of the year, the daily collection of domestic refuse, the accumulation of which is bound to bring annoyance to the housekeeper and perhaps disease to the neighboring community. With good water and streets, ample drainage and light, fresh air and full markets domestic conditions must be satisfactory.

Funds, so I am informed, will have to be provided for the erection of a new school to accomodate scholars in the Northern part of the city. Care should be taken that the best location possible is chosen and that no unecessary expenditure is incurred.

Close contact with the citizens convinces me that the people willingly contribute for the maintenance of an adequate civic service and while I have outlined to you a scheme of municipal work that will require money I believe the people will endorse us if we prove to them that the money is well spent and that the results mean greater comfort in our city life.

As Mayor I shall give my best to promoting the City's interests and welfare and for each of you I feel I can say the same. Let us remember we act for the people and their advantage should be our motto.

All of which I submit for your consideration.

Moved by Ald. Kent, seconded by Ald. Hoag (1) that the Inaugural Address of His Worship the Mayor be referred to the different Standing Committees for their consideration.—Carried.

BY-LAW No. 6, 1911.

A By-law to authorize the Head and Treasurer of the Corporation of the City of Kingston to borrow certain sums to meet the now current expenditure.

Passed January 16th, 1911.

WHEREAS, in order to meet the now current expenditure of the Corporation and such further sums as may be required for Public and High School purposes, it is necessary to borrow money in anticipation until such time as the taxes to be levied therefor can be collected and whereas it is necessary under clause 435 of the Consolidated Municipal Act, 1903, to pass a By-law authorizing such to be done.

AND WHEREAS the sum of ninety thousand dollars is required to meet the now current expenses of the said Corporation and to pay the moneys required for Public and High School purposes, and such sum does not exceed ninety per cent. of the estimated ordinary expenditure for the preceeding year, and it is expedient to authorize the Head and Treasurer to borrow the said sum.

BE IT THEREFORE ENACTED by the Municipal Council of the Corporation of the City of Kingston as follows:—

1. That the Head and Treasurer of the said Corporation be, and they are, hereby authorized under the seal of the Corporation to borrow from the Bank of British North America, the sum of ninety thousand dollars, required to meet the now current expenditure of said Corporation and to pay the moneys required for Public and High School purposes.

2. That the said Head, with the Treasurer aforesaid, be, and they are hereby authorized to pay or allow the said Bank interest on the said sum so borrowed at the rate of five per cent per annum.

3. That a promissory note, or notes, covenant or agreement, sealed with the corporation seal and signed on behalf of the Corporation by the Mayor and Treasurer, be duly executed and given to the said Bank as aforesaid as security for the repayment of the amount borrowed with interest thereon as aforesaid.

4. This By-law shall come in force and take effect on its passing.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Committee on Finance and Accounts begs leave to report and recommend as follows:—

1. That on account of a request from the Board of Education, a By-law be submitted to the rate-payers asking them to raise by way of debentures, the sum of Forty Thousand Dollars ($40,000) for the purchase of a site and the erection of a new eight-room Public School building.

2. Whereas, we consider that any scheme other than that of a Union Station in a City where more than one railroad operates, is a serious inconvenience to the travelling public, entailing loss of time, extra expense and in many cases, difficulties and hardships to strangers and to inexperienced travellers in making transfers, that this Municipalicity respectfully urges the Dominion Railway Commission to adopt regulations requiring all railways to operate from Union Stations where possible.

3. That all Departments belonging to the Corporation are required when issuing orders for all materials to be supplied and all work to be done (except labor pay lists) to do so in at least duplicate, one copy to be sent to the City Auditor, and one copy to the person from whom the purchase is made or work done.

4. That the City Clerk be authorized to call for tenders for supplies, e. g., Printing Minutes, embossed work, blank books, stationery etc. for all departments of the Corporation for the ensuing year and that a Committee consisting of Alderman Carson, Ald. Elliott and the City Clerk be appointed to open the same and make the award to the lowest tenderer in each case, and report the result to Council.

ARTICLES OF AGREEMENT made and concluded this 13th, day of February A.D. 1911.

BETWEEN THE CORPORATION OF THE CITY OF KINGSTON hereinafter called the "Corporation" of the first part and THE EXPLORATION SYNDICATE OF ONTARIO, LIMITED, hereinafter called the "Syndicate" of the second part.

WITNESS:—WHEREAS, the Syndicate has proposed to purchase from the Corporation the lands hereinafter mentioned and to erect thereon iron ore docks and works as hereinafter set out in consideration of the Corporation's undertaking as hereinafter specified and agreed:

AND WHEREAS the Corporation has accepted the proposal of the Syndicate and the parties hereto have agreed to execute these articles:

NOW THIS AGREEMENT WITNESSETH that the parties hereto covenant, promise and agree each with the other of them as follows:

1. The Corporation shall convey and assure by a good and sufficient deed unto the Syndicate at and for the price or sum of one thousand dollars of lawful money of Canada All and Singular those certain parcels or tracts of land, situate lying and being in the said City of Kingston, in the Province of Ontario and being composed of lots numbers Two (2), Four (4) and Five (5) and also that parcel of land formerly being a portion of River Street and extending from the East limit of Orchard Street to the waters of the Great Cataraqui River as shown on a plan of a part of Farm Lot Number One (1) on the West side of the Great River Cataraqui made by Thomas Fraser Gibbs, D.P.L.S. and filed in the Registry Office of the County of Frontenac on the 4th day of June A. D. 1851 but reserving there and therefrom for the purposes of a public street or highway a strip of land twenty four feet wide extending along South side of said Lots Two (2) and Four (4) from Orchard Street to the waters of the Great Cataraqui River: a good and sufficient deed of convevance to be delivered by the Corporation to the Syndicate upon the fact of the completion of the undertaking of the Syndicate on its part being certified to the City Clerk of the Corporation as provided by paragraph 8 hereof.

2. The Corporation shall convey and assure to the Syndicate all its right, title and interest in and to the water lots and the land

covered with water situate and being East of the lands mentioned in Clause 1 of this agreement and extending Easterly under the waters of the Great River Cataraqui to the harbour line of the Harbour of the said City of Kingston and shall, so far as it has jurisdiction in that behalf, permit the Syndicate to fill in the said water lots and land covered with water Eastwardly to the said harbour line and the Corporation further shall use it best offices with the Governments of the Province of Ontario and the Dominion of Canada to procure a grant in fee simple of the said water lots and land covered by water.

3. In the event that the North American Smelting Company, Limited, shall fail to carry out its agreement with the Corporation as ratified and confirmed by By-law of the Council of the Corporation No. 32 (1910) and passed 20th, June, 1910, and the lands hereinafter described shall by such failure remain vested, or shall revert in the Corporation then the Corporation shall in consideration of the sum of Three thousand Dollars of lawful money of Canada to be paid by the Syndicate to the Corporation by a good and sufficient deed convey and assure unto the Syndicate all those certain parcels of land contracted by the Corporation to be sold and conveyed under said last mentioned agreement to the North American Smelting Company, Limited, and more particularly described as situate, lying and being in the said City of Kingston, in the Province of Ontario and beng composed of Lots Number six (6), seven (7), eight (8), nine (9) and ten (10), as shown on a plan of a part of Farm Lot Number One (1) on the West side of the Great River Cataraqui made by Thomas Fraser Gibbs, D.P.L.S. and filed in the Registry Office of the County of Frontenac on the 4th day of June 1851: the said lots being situate on the East side of Orchard Street: together with the water lot in front of said water lot number seven (7) being of the full width of lot seven (7) and extending into the waters of the Cataraqui River One Hundred feet: but reserving and excepting thereout and therefrom a strip of land sixty-six feet wide for the purposes of a public street or highway between said lots numbers seven (7) and eight (8) from Orchard Street to the water's edge and thence Easterly to the harbour line of the Harbour of the said City of Kingston.

4. The Corporation shall at its own cost and charge except as to the contribution of Four Thousand Dollars by the Syndicate as hereinafter provided, construct or cause to be constructed, ready to be operated a swing bridge or a draw bridge at a point at or near the centre of the present Cataraqui Bridge of a width of at least sixty feet, such draw bridge or swing bridge to be completed

when the channel from the said swing bridge or draw bridge shall have been completed to the property mentioned in paragraph 1 of this agreement as hereinafter provided, but the performance of this covenant by the Corporation shall be conditional upon the consent of the Cataraqui Bridge Company being obtained to the construction of the said swing bridge or draw bridge of a kind and design satisfactory to the Corporation.

5. The Corporation shall by all lawful means endeavor to procure the Government of the Dominion of Canada to dredge or cause to be dreged a channel from the swing bridge or draw bridge mentioned in the foregoing paragraph to the property mentioned in paragraph 1 of this agreement, such channel to be of sufficient depth and width to allow boats drawing fourteen feet of water and having a beam of sixty feet to approach the dock proposed to be erected on the property mentioned in said paragraph 1 hereof.

6. The Corporation shall supply to the Syndicate at its works on the lands mentioned in paragraph 1 of this agreement 300 electric horse power at the rate of four (4) cents per kilowat hour measured at the switch board of the Corporation's power house.

7. The Corporation shall permit the Syndicate to construct and operate a single track railway switch to the lands mentioned in paragraph 1 hereof from the tracks of the Grand Trunk Railway and the Kingston and Pembroke Railway Company respectively upon a part or portion of Orchard Street to be approved by the Corporation and subject to any conditions that may be imposed by the Board of Railway Commissioners of Canada in that behalf, provided that the granting of running rights over any switch now or hereafter constructed along Orchard Street shall be deemed a performance of this Covenant and provided further that if the Syndicate shall construct a switch along Orchard Street as hereby authorized the Corporation and its assigns shall be entitled to running rights over the same for the purpose of gaining access to its properties abutting upon or adjacent to said Orchard Street.

8. The Syndicate shall upon the lands mentioned in paragraph 1 hereof and the water lots adjoining same construct a modern iron ore dock of sufficient dimensions and with the necessary equipment for loading 2000 ton vessels in an expeditious manner, such dock and equipment to cost not less than $40,000 and the construction thereof to be commenced within thirty days of the date of this agreement and to be completed not later than 1st October, 1911: the fact of the expenditure of said sum of $40,000 and the completion of the said dock and equipment to be determined by the Engineer of the Syndicate and the City Engineer of the Corporation who shall jointly certify the fact in writing over their signatures

to the City Clerk and in case the said two Engineers shall fail to agree upon a finding of fact as to said expenditure and completion then they two shall choose a third Engineer who shall enquire and certify to the said City Clerk in writing over his signature the fact as to said expenditure and completion and his certificate shall be final and binding upon the parties hereto.

9. The Syndicate shall pay over to the Corporation forthwith after the execution of this agreement the sum of $4,000 to be used and applied by the Corporation in and towards the construction of a draw or swing bridge at or near the centre of Cataraqui Bridge as provided in paragraph 4 of this agreement:

10. The Syndicate shall upon tender and delivery by the Corporation of the several deeds of conveyance of lands set forth respectively in paragraphs 1 and 3 of this agreement pay to the Corporation the purchase money for the same as severally set forth in the said paragraph.

11. The Syndicate shall forthwith upon the execution of this agreement deposit in the branch of some chartered bank in the City of Kingston $10,000 of lawful money of Canada to the credit of the Corporation, which sum shall remain on deposit until the expenditure of the said sum of $40,000 and the completion of the dock and equipment as provided in paragraph 8 hereof and in the event of the failure of the Syndicate to complete the said dock and equipment as in said paragraph 8 provided the Corporation may out of said sum so deposited recoup and reimburse itself all and any moneys expended by it in and about the construction of the said draw or swing bridge: upon the completion of the dock and equipment by the Syndicate as provided in paragraph 1 hereof the Syndicate shall be repaid the said sum of $10,000 with accrued interest from the date of deposit as computed and allowed by the Bank of deposit.

IN WITNESS WHEREOF the parties hereto have executed this agreement by affixing hereto their respective common seals and by the Mayor and Clerk of the Corporation and the President and Secretary of the Syndicate settinghere to their hands respectively the day and year first above written.

SIGNED, SEALED AND DELIVERED: in the presence of:—

BY-LAWS.

Ald. Elliott presented By-law No. 9. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second time, the second being in committee of the whole, Ald. Givens in the chair.

BY-LAW No. 9, 1911.

A By-law to raise by way of loan the sum of $40,000 for the purpose herein mentioned.

Passed 1911.

WHEREAS, the Board of Education for the City of Kingston has applied to this Council to pass a By-law for borrowing the sum of $40,000 by the issue and sale of debentures of this Corporation for the purchase of a school site and the erection thereon of a school house, both for Public School purposes:

AND WHEREAS in the opinion of this Council it is inexpedient to grant the said application and to pass said By-law without first submitting the same to the vote of the Electors qualified to vote, under The Consolidated Municipal Act, 1903, on By-laws for the creation of debts and who are supporters of public schools, in the manner therein provided:

AND WHEREAS it is expedient to submit to the vote of the said Electors this By-law for borrowing the said sum of $40,000 by the issue and sale of debentures of this Corporation for the purchase of a school site and the erection of a school house for public school purposes:

AND WHEREAS the amount of debt to be created by this By-law is $40,000:

And WHEREAS the total amount required to be raised annually during the currency of said debt by special rate on the rateable property liable thereto for paying the said debt and interest as hereinafter provided is $2,456.:

AND WHEREAS the amount of the whole rateable property of the said Municipality according to the last revised Assessment Roll, being for the year 1911, is $9,505,329.

AND WHEREAS the amount of the existing debenture debt of the said Municipality exclusive of the local improvement debts secured by special acts, rates or assessments, is $1,092,727.42 and no part of the same or of the interest thereon is in arrears:

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, as follows:

1. It shall be lawful for the Mayor of the said Corporation for the purposes aforesaid to raise by way of loan upon the credit of the debentures hereinafter mentioned from any person or persons, body or bodies corporate who may be willing to advance the same upon the credit of the said debentures a sum of money not exceeding in the whole the said sum of $40,000 and to cause the same to be paid into the hands of the Treasurer of the said Corporation for the purpose aforesaid.

2. It shall be lawful for the Mayor of the said City for the purposes of said loan, to cause any number of debentures to be made for such sums of not less than $100 each as may be required and which said debentures shall be sealed with the seal of the Municipality and signed by the Mayor and countersigned by the Treasurer thereof, and together shall not exceed the sum of $40,000.

3. The said debt of $40,000 shall be payable in annual instalments within thirty years from the first day of July, 1911, at the Office of the City Treasurer in said City, and the said debentures shall have attached to them coupons for the payment of the interest thereon half yearly as hereinafter provided, which coupons shall be signed by the said Treasurer, and the said instalments shall be of such amounts that the aggregate amount payable for principal and interest in any year in respect of the debt shall be equal as nearly as may be to what is payable for principal and interest during each of the other years of said period and the said debentures shall be issued accordingly.

4. The said debentures shall be dated on the first day of July, 1911, and shall bear interest at the rate of four and a half per cent. per annum from the date thereof, which interest shall be payable half yearly on the first day of January and July in each year at the office of the said City Treasurer in the City of Kingston.

5. For the payment of the said debt and the interest to become due thereon an annual sum of $2,456 shall be raised in each year of the said period of thirty years by a special rate upon all the rateable property in said Municipality rateable for public school purposes.

6. This By-law shall come in force and take effect on its passing.

7. "A"

ARTICLES OF AGREEMENT made in triplicate this 27th. day of February A. D. 1911.

BETWEEN—THE CORPORATION IF THE CITY OF KINGSTIN, hereinafter called the Corporation of the first part and THE SALVATION ARMY CORPS AT KINGSTON and the OFFICER commanding the same, hereinafter called the Contractors of the second part.

WITNESS:—WHEREAS, it is provided by section 6 of Act passed in the 8th year of the Reign of King Edward VII th. Chapter 59 and entitled "The Children's Protection Act of Ontario," that, for the better protection of neglected children, the Corporation of every City shall provide one or more places of refuge for such children only, to be known as temporary homes or shelters:

AND WHEREAS the Contractors have agreed with the Corporation to furnish and provide a temporary home or shelter in the Salvation Army Officers' quarters and have further agreed as hereinafter set forth:

NOW THIS AGREEMENT WITNESSETH AS FOLLOWS:

1. In consideration of the undertaking of the Corporation as hereinafter set out the said Contractors shall furnish and provide upon their property at or near the corner of Queen and Bagot

Streets in said City in the Officers' quarters of the Salvation Army a temporary home or shelter to be approved by the Children's Aid Society of said City with such attendant or attendants from time to time as the Children's Aid Society shall require.

2. The attendant in charge of such temporary home or shelter shall receive any child brought to said temporary home or shelter by a Police Constable pursuant to the By-law of said City entitled "A By-law for the Preservation of Order and Public Morals," and shall enter the name and street address of each such child and the name of the child's parent or guardian so far as known in a Book to be kept for the purpose.

3. The attendant shall deliver up any such child to the parent or guardian of such child upon such parent or guardian applying to the temporary home or shelter for that purpose and satisfying the attendant that the person so applying is the parent or guardian of such child.

4. In consideration of the foregoing undertaking of the Contractors and the due and faithful performance of the same the Corporation shall pay to the Contractors the sum of fifty dollars ($50) per annum payable quarterly on the first day of March, June, September and December, the first of such payments to be made on the first day of June 1911.

5. In case any child received into said temporary home or shelter shall remain for such a length of time that it shall be necessary or proper to furnish such child with a meal or meals, the Contractors shall furnish such child with a suitable meal or meals so long as such child shall remain in such temporary home or shelter and the Corporation shall pay to the Contractors ten cents for each meal so furnished upon an account being rendered vouched by the agent of The Children's Aid Society at Kingston and the Officer in command of the Salvation Army Corps at Kingston; all such accounts to be rendered and paid monthly.

IN WITNESS WHEREOF the said parties have executed this agreement.

SIGNED SEALED AND DELIVERED IN presence of:

The Salvation Army, Harry H. Turner, Officer in charge.

(Signed) C. J. GRAHAM, *Mayor,*

(L.S.)

(Signed) W. W. SANDS, City Clerk.

Ald. Toye presented By-law No. 13. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Kent in the chair and was signed and sealed as follows:—

BY-LAW No. 13, 1911.

A By-law relating to the collection and removal of garbage.

Passed Feb. 27th, 1911.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. All kitchen offal and refuse consisting of animal and vegetable matter and commonly known as garbage shall be collected and removed as hereinafter provided.

2. Each tenant or occupant of permises in the City shall provide a suitable vessel or receptacle of a kind and description to be approved by the Sanitary Inspector and shall deposit therein from time to time the garbage produced or made upon said premises: but no such tenant or occupant shalldeposit in said vessel or receptacle any ashes, metal or mineral waste, manure, night soil or other similar refuse.

3. Such vessel or receptacle containing garbage shall be placed by each such tenant or occupant on or near said premises in a convenient place for removal by the Collector of Garbage.

4. All garbage shall be removed as herein provided from all premises within the City twice in each week or oftener if so required by Regulation of the Local Board of Health.

5. The Corporation of the City may contract with any person or persons (hereinafter called the Contractor or Contractors) for the collection and removal of garbage as prescribed by this By-law.

6 The Contractor or Contractors for the collection and removal of garbage shall provide at his or their own cost, all horses, vehicles, vessels, appliances and men necessary for the purpose and as required by the Local Board of Health.

7. The vehicles and vessels provided by the Contractor or Contractors as aforesaid shall be of a kind and design approved by the Local Board of Health and shall be kept and maintained in good repair, clean and painted to the satisfaction of the sanitary Inspector while used in the collection and removal of garbage under contract with the City.

8. The Contractor or Contractors shall as provided by this By-law and to the satisfaction of the Sanitary Inspector twice in each week or oftener if required by Regulation of the Local Board of Health in that behalf, collect from all premises in the City of Kingston all garbage deposited in vessels and receptacles by tenants and occupants of premises as herein provided and shall remove said garbage without the limits of the City and dispose of the same in a

manner not to cause a nuisance: provided that this section shall not apply to premises from which garbage is removed pursuant to leave obtained from the Local Board of Health as provided by section 11 hereof.

9. The Medical Health Officer shall from time to time lay out and determine the routes and hours along and during which the Contractor or Contractors shall collect and remove garbage under this By-law: and such routes and hours shall be communicated to the tenants and occupants of premises by advertisement in a public newspaper or otherwise and to the Contractor or Contractors by notice in writing and in the performance of his or their contract the Contractor or Contractors shall follow said routes and observe said hours.

10. The Contractor or Contractors shall enter into a bond with two good and sufficient sureties in the penal sum of $500 conditioned for the due and faithful performance of his or their contract and the observance of the provisions of this By-law.

11. No garbage made or produced upon any premises in the City of Kingston shall be collected or removed by any person or persons other than the Contractor or Contractors with the Corporation under this By-law unless and until such person or persons shall have obtained the leave of the Local Board of Health and shall have complied with the Regulations of the Board in that behalf.

12. Any person convicted of a breach of any of the provisions of this By-law, shall forfeit and pay, at the discretion of the convicting Magistrate, a penalty not exceeding the sum of fifty dollars (exclusive of costs) for each offence; and in default of payment of the said penalty and costs forthwith, the said penalty and costs, or costs only, may be levied by distress and sale of the goods and chattels of the offender; and in case of there being no distress found out of which such penalty can be levied, the convicting Magistrate may commit the offender to the Common Goal of the County of Frontenac, with or without hard labor, for any period not exceeding six calendar months, unless the said penalty and costs (if any), including the costs of said distress and of the committal and conveyance of the offender to the said goal, are sooner paid.

13. This By-law shall come in force and take effect on its passing.

(Signed) C. J. GRAHAM, *Mayor,*
[L.S].

TO ADJOURN.

Moved by Ald. Hoag, seconded by Ald. Carson that Council do now adjourn.—Carried.

Council adjourned at 9.50 p.m.

Mayor. *City Clerk.*

Kingston, March 9th, 1911.

A Special meeting of the City Council was held this evening at eight o'clock, having been called by His Worship the Mayor, Mayor Graham presiding.

Present;—Ald. Bailey, Carson, Couper, Clugston, Elliott, Harrison, Hanley, Hoag, Kent, McCann, McCarthy, Rigney, Ross.

The Mayor explained that he had called the meeting for the purpose of submitting a By-law with attached Agreement between the Corporation of the City of Kingston and the Ontario Exploration Syndicate, and also for the purpose of submitting to Council a By-law to raise thirty thousand dollars for the purpose of purchasing Cataraqui Bridge and to widen the draw-bridge.

Ald. Elliott rose to a question of privilege, and complained of the unfairness of an article in the Kingston Daily Standard, bearing date March 9th, copy of which he laid on the table and asked to be read by the City Clerk which was done. The article is as follows:—

FOOLS OR KNAVES.

There are two or three members of Kingston's City Council who are either fools or knaves; there may be more than two or three but there are at least that number. It will be remembered by those who were present at the meeting at which the matter came up that, when the cost of putting a new span in Cataraqui bridge was under discussion, two members of Council stated that the span could be built for $4,000; and they made this statement with all the assurance of men who knew what they were talking about. It now turns out that it will cost from $15,000 to $20,000 to build the span.

Now, where did these men get their information? That is the question the other members of Council would like to know or had they any information at all on the matter? If they posed as authorities on this matter and had no knowledge of it, then they are fools; if they have been stuffed by some one, whose interest it was to stuff them for the purpose of getting the span built, then they are also fools; if they made the statement knowing that it was false, *then they have been purchased and they are knaves.* No other conclusions can be reached in regard to the actions of these men.

In any case they are no longer fit to sit in the City Council. They should resign or their resignation should be demanded by the other members of Council who were mislead by the statements made by these fools or knaves.

No language can be too strong to use in condeming the conduct of such aldermen. They are a disgrace to the City Council; they have loaded the city with an expenditure of from $15,000 to $20,000 when they stated that only $4,000 would be necessary to do the work; they are no longer to be trusted to manage the business affairs of this city and the sooner they are out of the council the better.

BY-LAWS.

Ald. Hoag presented By-law No. 14. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. McCann in the chair and was signed and sealed as follows:—

BY-LAW No. 14, 1911.

A By-law to ratify and confirm a certain agreement.

Passed 9th , March, 1911.

BE IT ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. The agreement hereto annexed bearing date 13th, February, A.D. 1911 and made between the Corporation of the City of Kingston of the first part and the Exploration Syndicate of Ontario of the second part is hereby ratified and confirmed and the Mayor and Clerk are authorized to sign and seal the same.

2. This By-law shall come in force and take effect and the said agreement shall become and be operative and binding upon the said Corporation of the City of Kingston upon a certain by-law of the said Corporation entitled "A by-law to raise by way of loan on the credit of the debentures of the Municipality of the City of Kingston the sum of $30,000 for the purpose therein mentioned" being approved by the rate payers of said City upon its submission to them on the 4th, day of April, 1911, and upon its being thereafter finally passed by the Council of said Corporation as by-law required.

(Signed) C. J. GRAHAM, Mayor.

[L.S.]

W. W. SANDS, City Clerk.

ARTICLES OF AGREEMENT made and concluded this 13th, day of February A.D. 1911.

BETWEEN THE CORPORATION OF THE CITY OF KINGSTON hereinafter called the "Corporation" of the first part and THE EXPLORATION SYNDICATE OF ONTARIO, LIMITED, hereinafter called the "Syndicate" of the second part.

WITNESS:—WHEREAS, the Syndicate has proposed to purchase from the Corporation the lands hereinafter mentioned and to erect thereon ore docks and works as hereinafter set out in consideration of the Corporation's undertaking as hereinafter specified and agreed:

AND WHEREAS the Corporation has accepted the proposal of the Syndicate and the parties hereto have agreed to execute these articles:

NOW THIS AGREEMENT WITNESSETH that the parties hereto covenant, promise and agree each with the other of them as follows:

1. The Corporation shall convey and assure by a good and sufficient deed unto the Syndicate at and for the price or sum of one thousand dollars of lawful money of Canada All and Singular those certain parcels or tracts of land, situate lying and being in the said City of Kingston, in the Province of Ontario and being composed of lots numbers Two (2), Four (4) and Five (5) and also that parcel of land formerly being a portion of River Street and extending from the East limit of Orchard Street to the waters of the Great Cataraqui River as shown on a plan of a part of Farm Lot Number One (1) on the West side of the Great River Cataraqui made by Thomas Fraser Gibbs, D.P.L.S. and filed in the Registry Office of the County of Frontenac on the 4th day of June A.D. 1851 but reserving thereout and therefrom for the purposes of a public street or highway a strip of land twenty four feet wide extending along South side of said Lots Two (2) and Four (4) from Orchard Street to the waters of the Great Cataraqui River: a good and sufficient deed of convevance to be delivered by the Corporation to the Syndicate upon the fact of the completion of the undertaking of the Syndicate on its part being certified to the City Clerk of the Corporation as provided by paragraph 8 hereof.

2. The Corporation shall convey and assure to the Syndicate all its right, title and interest in and to the water lots and the land covered with water situate and being East of the lands mentioned in Clause 1 of this agreement and extending Easterly under the waters of the Great River Cataraqui to the harbour line of the Harbour of the said City of Kingston and shall, so far as it has jurisdiction in that behalf, permit the Syndicate to fill in the said water lots and land covered with water Eastwardly to the said harbour line and the Corporation further shall use its best offices with the Governments of the Province of Ontario and the Dominion of Canada to procure a grant in fee simple of the said water lots and land covered by water.

3. In the event that the North American Smelting Company, Limited, shall fail to carry out its agreement with the Corporation as ratified and confirmed by By-law of the Council of the Corporation No. 32 (1910) and passed 20th, June, 1910, and the lands hereinafter described shall by such failure remain vested, or shall revest in the Corporation then the Corporation shall in consideration of the sum of Three thousand Dollars of lawful money of Canada to be paid by the Syndicate to the Corporation by a good and sufficient deed convey and assure unto the Syndicate all those certain parcels of land contracted by the Corporation to be sold and conveyed under said last mentioned agreement to the North American Smelting Company, Limited, and more particularly described as situate, lying and being in the said City of Kingston, in the Province of Ontario and being composed of Lots Number six (6), seven (7), eight (8), nine (9) and ten (10), as shown on a plan of a part of Farm Lot Number One (1) on the West side of the Great River Cataraqui made by Thomas Fraser Gibbs, D.P.L.S. and filed in the Registry Office of the County of Frontenac on the 4th day of June 1851: the said lots being situate on the East side of Orchard Street: together with the water lot in front of said water lot number seven (7) being of the full width of lot seven (7) and extending into the waters of the Cataraqui River One Hundred feet: but reserving and excepting thereout and therefrom a strip of land sixty-six feet wide for the purposes of a public street or highway between said lots number seven (7) and eight (8) from Orchard Street to the water's edge and thence Easterly to the harbour line of the Harbour of the said City of Kingston.

4. The Corporation shall at its own cost and charge except as to the contribution of Four Thousand Dollars by the Syndicate as hereinafter provided, construct or cause to be constructed, ready to be operated a swing bridge or a draw bridge at a point at or near the centre of the present Cataraqui Bridge of a width of at least sixty-feet such draw bridge or swing bridge to be completed when the channel from the said swing bridge or draw bridge shall have been completed to the property mentioned in paragraph 1 of this agreement as herein after provided, but the performance of this covenant by the Corporation shall be conditional upon the consent of the Cataraqui Bridge Company being obtained to the construction of the said swing bridge or draw bridge of a kind and design satisfactory to the Corporation.

5. The Corporation shall by all lawful means endeavor to procure the Government of the Dominion of Canada to dredge or cause to be dredged a channel from the swing bridge or draw bridge

mentioned in the foregoing paragraph to the property mentioned in paragraph 1 of this agreement, such channel to be of sufficient depth and width to allow boats drawing fourteen feet of water and having a beam of sixty feet to approach the dock proposed to be erected on the property mentioned in said paragraph 1 hereof.

6. The Corporation shall supply to the Syndicate at its works on the lands mentioned in paragraph 1 of this agreement 300 electric horse power at the rate of four (4) cents per kilowat hour measured at the switch board of the Corporation's power house.

7. The Corporation shall permit the Syndicate to construct and operate a single track railway switch to the lands mentioned in paragraph 1 hereof from the tracks of the Grand Trunk Railway and the Kingston and Pembroke Railway Company respectively upon a part or portion of Orchard Street to be approved by the Corporation and subject to any conditions that may be imposed by the Board of Railway Commissioners of Canada in that behalf, provided that the granting of running rights over any switch now or hereafter constructed along Orchard Street shall be deemed a performance of this Covenant and provided further that if the Syndicate shall construct a switch along Orchard Street as hereby authorized the Corporation and its assigns shall be entitled to running rights over the same for the purpose of gaining access to its properties abutting upon or adjacent to said Orchard Street.

8. The Syndicate shall upon the lands mentioned in paragraph 1 hereof and the water lots adjoining same construct a modern iron ore dock of sufficient dimensions and with the necessary equipment for loading 2000 ton vessels in an expeditious manner, such dock and equipment, works, plant, structures and fixed machinery, to cost not less than $40,000 and the construction thereof to be commenced within thirty days of the date of this agreement and to be completed not later than 1st October, 1911: the fact of the expenditure of said sum of $40,000 and the completion of the said dock and equipment, works, plant, structure and fixed machinery, to be determined by the Engineer of the Syndicate and the City Engineer of the Corporation who shall jointly certify the fact in writing over their signatures to the City Clerk and in case the said two Engineers shall fail to agree upon a finding of fact as to said expenditure and completion then they two shall choose a third Engineer who shall enquire and certify to the said City Clerk in writing over his signature the fact as to said expenditure and completion and his certificates shall be final and binding upon the parties hereto.

9. The Syndicate shall pay over to the Corporation forthwith after the execution of this agreement the sum of $4,000 to be used

and applied by the Corporation in and towards the construction of a draw or swing bridge at or near the centre of Cataraqui Bridge as provided in paragraph 4 of this agreement:

10. The Syndicate shall upon tender and delivery by the Corporation of the several deeds of conveyance of lands set forth respectively in paragraphs 1 and 3 of this agreement pay to the Corporation the purchase money for the same as severally set forth in the said paragraphs.

11. The Syndicate shall forthwith upon the execution of this agreement deposit in the branch of some chartered bank in the City of Kingston $10,000 of lawful money of Canada to the credit of the Corporation, which sum shall remain on deposit until the expenditure of the said sum of $40,000 and the completion of the dock and equipment, works, plant, structures and fixed machinery as provided in paragraph 8 hereof and in the event of the failure of the Syndicate to complete the said dock and equipment, works, plant, structures and fixed machinery, as in said paragraph 8 provided the Corporation may out of said sum so deposited recoup and reimburse itself all and any moneys expended by it in and about the construction of the said draw or swing bridge and upon the completion of the dock and equipment, works plant, structures and fixed machinery, by the Syndicate as provided in paragraph 8 hereof the Syndicate shall be repaid the said sum of $10,000 with accrued interest from the date of deposit as computed and allowed by the Bank of deposit.

IN WITNESS WHEREOF the parties hereto have executed this agreement by affixing hereto their respective common seals and by the Mayor and Clerk of the Corporation and the President and Secretary of the Syndicate settinghereto their hands respectively the day and year first above written.

SIGNED, SEALED AND DELIVERED: in the presence of

Ald. Elliott presented By-law No. 15. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second time, the second being in committee of the whole, Ald. Hoag in the chair.

A BY-LAW TO RAISE BY WAY OF LOAN, THE SUM OF $30,000 FOR THE PURPOSE HEREIN MENTIONED.

WHEREAS the Exploration Syndicate of Ontario, Limited has applied to the Corporation of the City of Kingston to widen

the drawbridge of the Cataraqui Bridge so as to admit vessels and craft of greater burden than can pass through the present drawbridge and also to procure to be deepened by dredging the navigable waters of the inner harbour of said City formed by the Cataraqui River:

AND WHEREAS the said Syndicate has purchased from the said City a parcel of land, being a part of that parcel commonly known as the smelter site in said City, and has contracted and agreed by agreement between the said City and Syndicate, dated 13th February, 1911, to erect upon the said land and the water lots adjoining the same a modern iron ore dock with works, plant, structures and fixed machinery for loading 2,000 ton vessels in an expeditious manner, such dock to cost not less than $40,000 as particularly set out in the said agreement:

AND WHEREAS for the improvement of the harbour of the Port of Kingston in view of the increased size of shipping resorting thither it is expedient and necessary that the drawbridge of said Cataraqui Bridge should be widened and the said inner harbour should be deepened:

AND WHEREAS the Cataraqui Bridge Company is unable to widen the said draw bridge as required:

AND WHEREAS the said Cataraqui Bridge is situate wholly within the City of Kingston, and it is expedient that the Corporation of the said City should acquire the said bridge for the purpose of widening the said drawbridge as and for a harbor improvement:

AND WHERAS the Cataraqui Bridge Company has contracted and agreed with the City of Kingston to sell and transfer the said bridge to the said City for the price or sum of $24,850, of which sum $10,000 parcel of said price shall be payable to the said City in respect of the existing share or interest of said City in said bridge; thus leaving to be raised under this By-law for the purchase of said bridge the sum of $14,850:

AND WHEREAS the estimated cost of widening the said drawbridge will be the sum of $19,000, of which sum the said Syndicate have paid to the said City the sum of $4,000 to be applied in the widening of said drawbridge thus leaving to be raised under this By-law for the said last named purpose the sum of $15,000:

AND WHEREAS it is expedient to raise the money required for the said purposes by the issue of the debentures of the Corporation of the City of Kingston and to pass this By-law authorizing the issue of the same:

AND WHEREAS the amount of the debt to be created by this By-law is $30,000:

AND WHEREAS the total amount required to be raised annually during the currency of said debt by special rate on the rateable property liable thereto for paying the said debt and interest as hereinafter provided is $2,307:

AND WHEREAS the amount of the whole rateable property of the said Municipality, according to the last revised assessment roll being for the year 1911 is $9,505,329:

AND WHERAS the amount of the existing debenture debt of the said Municipality, exclusive of the local improvement debt secured by special acts, rates or assessments, is $1,092,727.42, and no part of the same or of the interest thereon is in arrear:

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of said Corporation for the purposes aforesaid, to raise by way of loan upon the credit of the debentures hereinafter mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the said debentures, a sum of money not exceeding in the whole the said sum of $30,000, and to cause the same to be paid into the hands of the Treasurer of the said Corporation for the purpose aforesaid.

2. It shall be lawful for the Mayor of said City, for the purposes of said loan, to cause any number of debentures to be made for such sums of not less than $100 each as may be required, and which said debentures shall be sealed with the seal of the Municipality and signed by the Mayor and countersigned by the Treasurer thereof, and together shall not exceed the sum of $30,000.

3. The said debt of $30,000 shall be payable in annual instalments within twenty years from the first day of July, 1911, at the Office of the City Treasurer in said City, and the said debentures shall have attached to them coupons for the payment of the interest thereon half yearly as hereinafter provided, which coupons shall be signed by the said Treasurer, and the said instalments shall be of such amounts that the aggregate amount payable for principal and interest in any year in respect of the debt, shall be equal as nearly as may be to what is payable for principal and interest during each of the other years of said period, and the said debentures shall be issued accordingly.

4. The said debentures shall be dated on the first day of July, 1911, and shall bear interest at the rate of four and a half per cent per annum from the date thereof, which interest shall be payable half yearly on the first day of January and July in each year at the office of said City Treasurer in the City of Kingston.

5. For the payment of said debt and the interest to become due thereon an annual sum of $2,307 shall be raised in each year of said period of twenty years by a special rate upon all rateable property in said Municipality.

6. This By-law shall come in force and take effect on its passing.

Committee Room, Kingston, March 10th, 1911.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Committee on Fire and Light begs leave to report and recommend as follows:—

1. That the report of the test of the Chatham Fire Engine by Mr. Milne is herewith submitted:—

Kingston, Feb. 25th, 1911.

Ald. D. A. Givens, Chairman Fire and Light Committee.

Dear Sir:—

I beg to report the condition of fire engine as desired by you.

I have examined and tested the engine and boiler of the Steamer known as the Chatham or Ronald engine. The Boiler firstly steamed, then by cold water test, and by personal examination in every part possible. The engine by steam, then by close examination by disconnecting each part. I find the engine in some parts in good condition and with some slight repairs will practically be as good as new. The repairs are as follows:—The piston and pump rods be turned parallel, stuffing boxes and glands rebushed to suit same. The feed pump to be treated in same manner with Pemberthy to be added so that water could be added when engine is not working. The front axle to be taken out and made straight, the front spring being too light, one leaf to be added to prevent the weight of engine striking axle when running over rough roads. The king bolt to be renewed, the socket being oval should be bored out and pin fitted. The crank brasses renewed, the present ones being worn oval and would recommend that they be made of Phospher bronze instead of brass as at present.

(The Boiler) I find the boiler in several places leaking badly, other places so badly eaten away by rust and leakages that I consider the boiler unfit for heavy fire duty and recommend that a new boiler be secured at an early date to replace the present one, but in no case with less heating surface than the present one, rather more if possible. Should you desire in doing the repairs as recommended, the engine would be good for fifteen to twenty years with reasonable care.

Trusting this will give you the desired information you required.

Yours sincerely,
(Signed) A. R. MILNE.

Respectfully submitted.

Board of Works.

Ald. Rigney presented report No. 32 from the Board of Works as follows:—

Committee Room, Kingston, March 23rd, 1911.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Board of Works begs leave to report and recommend as follows:—

1. That By-law No. 21, Clause 7, be amended by adding the following clause as sub-section (d),—"The walls of dwelling-

houses from top of the second floor joists up, also gables, pediments and sides of dormer windows may be covered with shingles on detached or semi-detached dwellings, provided that no portion of the roof of said dwelling-house is closer than two feet to the adjoining lot line. In all cases the shingles shall be laid on at least one thickness of asbestos paper, weighing not less than fourteen pounds per one hundred square feet."

2. On the communication of A. Glover asking permission to construct a dwelling-house having the walls of the second storey covered with shingles laid on asbestos paper, that it be granted in accordance with the above amendment to By-law 21.

3. That the City Engineer be instructed to sand all principal thoroughfares of the City whenever, in his opinion, it is necessary or advisable to do so, and that Clause 80, By-law No. 29, be amended accordingly.

4. On the communication of Alex. J. Johnston regarding the removal of a tree at the corner of University Avenue and Johnson Street, that it be referred to the Chairman and City Engineer with power to act.

5. That the same streets be watered during the year 1911 as authorized by By-laws of the year 1910.

6. That a general scheme of construction and reconstruction of roadways under the terms of the Local Improvement Act be undertaken by the City, in accordance with the schedule attached to a report of the City Engineer dated Feb. 15th, 1910.

(See pages 96-100, incl. of 1910 Minutes)

7. That the work to be done during the year 1911 be in accordance with page 1 of said schedule (see pages 96-97 of 1910 Minutes.)

8. The plans and specifications be prepared by the City Engineer and tenders asked for the construction of Asphaltic Macadam in the following streets, viz:—

Wellington Street—Brock St. to West St.
Clarence Street—King St. to Bagot St.
Johnson Street—King St. to Bagot St.
William Street—King St. to Bagot St.
Earl Street—King St. to Bagot St.
Gore Street—King St. to Bagot St.
Union Street—King St. to Bagot St.

9. That plans and specifications be prepared by the City Engineer and tenders asked for the construction of sheet or block pavements of a permanent type on a concrete base on King Street from Clarence Street to Brock Street; on Clarence St. from On-

tario Street to King Street; on Brock St. from King to Wellington St., and on Wellington Street from Brock to Princess St.

The Budget.

Ald. Elliott presented report No. 30 (a) from the Committee on Finance and Accounts as follows:—

Committee Room, City Hall,
Kingston, March 24, 1911.

The Committee on Finance and Accounts, in submitting the estimates for the year 1911, beg to report as follows:—

The Bonded debt of the City to 31st December, 1910, is $1,224,564,15, made up as follows:—

Water Works			$ 199,900 00
Light Works			271,025 00
SCHOOLS—			
Public		$ 29,400 00	
High		22,809 00	
			52,209 00
LOCAL IMPROVEMENTS—			
City Portion (Sinking Fund)	$ 104,620 73		
City Portion (Instalments)	31,261 84		
		135,882 57	
Local Portion (Sinking Fund)	131,836 74		
Local Portion (Instalments)	30,559 45		
		162,396 19	
			298,278 76
General Purposes			403,151 40
			1,224,564 16

The amount of the Sinking Fund is $119,815.42 and of this amount $106,526.70 is invested in Local Improvement Bonds of this City, and $13,288.72 is on special deposit in the Bank of B. N. A.

The amount of Taxes to be levied for the Sinking Fund this year is $8,296.83, the property owners specially benefited paying $4,502.36 and the City generally $3,794.47.

The Assessment is $597, 947 more than that of last year but part of this is liable for the School Tax only. The increased revenue from this scource, at the same rate of taxation as last year, would be over $9,000, but last year $9,000 was taken from the Water Works funds and placed in the revenue and there is no such amount in the revenue of that year.

The Board of Education demands $3,350 more than last year for the Collegiate Institute, and Debentures and Interest account has increased by $3,644.80 in consequence of the new Debentures issued, on account of extension of Streets, new Fire Engine, Schools, City Portion of Local Improvements, etc.

There is also an increase in the amounts required for lighting Streets and for Charitable Grants, and as a consequence your Committee have found it impossible to maintain the taxation at the same rate as that of last year.

Your Committee recommend that a rate of 22 mills be placed on this year's assessment.

(Signed) C. J. GRAHAM, *Mayor, Chairman.*

2. That a special rate of 2½ cents per ft. frontage be imposed and the same is hereby imposed for the year 1911, upon all the assessable real property within the said several areas in the preceding section defined according to the frontage thereof in order to pay the expenses of watering or oiling the said streets therein during the said year, and which rates shall be in addition to all other rates for which said real property is, or shall be liable, provided always that a sum equal to the said rate upon the frontage of all properties within said several areas, exempt by law from the said rate shall be borne and paid by the said Corporation of the City of Kingston out of the general funds of the Municipality; and provided also that the cost of watering any of the said streets opposite any other intersecting street or streets shall be borne and paid by the said Corporation of the City of Kingston out of the general funds of the Municipality: provided further that corner lots shall be assessed for a frontage equal to twice the frontage of the shortest side, and provided that the charge upon the triangular property occupied by Dr. James Third shall be $5, and the charge upon the triangular property occupied by Chalmers' Church shall be $5.

3. That the Assessment Commissioner of the City of Kingston, with such assistant or assistants as may be necessary, do forthwith prepare and deliver to the City Clerk a Roll containing all the assessed real property within the said areas with the frontage thereof on the said streets, and the names and roll numbers of the owners as they appear on the last revised assessment roll.

4. The City Clerk shall place upon the Collector's Roll or Rolls opposite the several names of the persons assessable, the amounts assessable against the several properties of said owners in respect of such special rate, as shown in the roll in the previous section mentioned.

5. The said amounts shall be payable on the 15th, day of June

next, to the Collector of Municipal Taxes of the City of Kingston, who is hereby authorized to collect the said amounts at the same time, in the same manner and with the like remedies as ordinary taxes upon real estate are collectable under the provisions of the Assessment Act.

6. That the amounts collected from the said rate and contributed by the Corporation as aforesaid shall be expended in paying the cost of watering or oiling the said streets within the said areas and not otherwise.

7. That no street or part of street or square, or part of square outside the area or areas above defined shall be watered or oiled except upon the petition of at least two-thirds of the freeholders and householders resident in and on properties abutting on such street or part of street, or square, or part of square, representing in value at least one half of the assessed real property therein as required by section 686, sub-section 1 of the "Municipal Act" and the City Assessor shall certify whether such petition has been sufficiently signed before any by-law be passed to give it effect.

8. This By-law shall come in force and take effect on its passing.

W. W. SANDS, City Clerk.

Ald. Kent presented By-law No. 17, 1911. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time the second being in committee of the whole, Ald. McCarthy in the chair and was signed and sealed as follows:—

BY-LAW No. 17, 1911

A By-law to levy a rate of 22 mills on the dollar upon the assessed value of the rateable property in the Municipality of the City of Kingston for the lawful purposes of the Municipality for the year 1911.

Passed March 27th, 1911.

WHEREAS, for the year 1911 there are required for the lawful purposes of the Municipality of the City of Kingston as hereinafter specified the following named sums of money estimated by and to the Council of the said Municipality to be raised by the levy of the several rates hereinafter mentioned respectively amounting together to the rate of twenty two mills on the dollar upon the assessed value of the rateable property in the said Municipality and which in the revised and adopted assessment rolls for the year 1911 amounts to the sum of $9,505,325 current money of Canada (which

rate of 22 mills on the dollar is, in respect of the rateable property in the said Municipality liable to be assessed for the Roman Catholic Separate School rate, inclusive of the rate hereinafter directed to be levied upon the rateable property liable thereto and which said rate of 22 mills in the dollar also includes the rate for the sum required for the Public School purposes for the said year to be levied on the property liable thereto as hereinafter provided.)

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, as follows:—

1. The sum of $22,439 required to pay the annual interest and the payment of the principal on the debentures issued under the provisions of "The City of Kingston Debt Arrangement Act, 1887," shall be raised by the levy of a rate, "The Debt Arrangement Loan Rate" of 2-36/100 mills in the dollar upon the whole assessable value of all the rateable property in said Municipality.

2. The sum of $20,042.46 required to pay the annual interest on and the annual payment on account of the loan and bonus debentures and not provided for under Section 1 of this By-law shall be raised by the levy of a rate of 2-11/100 mills in the dollar upon the whole assessed value of all the rateable property in the said Municipality.

3. The sum of $16,679.50 required for High School purposes as estimated to the said Council by the Board of Education and to pay the annual interest on and the annual payment on account of High School Debentures of the said Municipality shall be levied by a rate of 1-75/100 mills in the dollar upon the whole of the assessed value of all the rateable property in the said Municipality as aforesaid.

4. The sum of $36.780 required for Public School purposes of the said Municipality as estimated to the said Council by the Board of Education of the said Municipality shall be raised by the levy of a rate of 4-70/100 mills in the dollar upon the assessed value of the rateable property in the said Municipality assessable and liable to be rated for a Public School rate, said assessed value being $7,826,599.

5. The sum of $3,289.80 required to pay the annual interest on and the annual payment on account of the Public School Debentures of the said Municipality, shall be raised by a levy of a rate of 42/100 mills in the dollar upon the said assessed value of the rateable property in said Municipality assessable and liable to be rated for a Public School rate, said assessed value being $7,826,599 as aforesaid.

6. There shall also be levied on the rateable property in the

said Municipality liable thereto the assessed value of which amounts to $1,678,730 a rate of 5-12/100 in the dollar imposed on the said property by the Board of Trustees of the Roman Catholic Separate Schools of the said Municipality for the purposes of the said Separate Schools for the current year and the said last mentioned rate shall be levied and collected by the collector appointed to collect the Municipal rates and taxes of the said Municipality at the time and as provided by law.

7. The sum of $10,700.76 required to pay the annual interest on and provide the annual sum required for the sinking fund for the debentures of the said Municipality issued for the purpose of raising loans for the amount of the cost of the several local improvement works in the said Municipality to be borne and paid by the said Municipality at large, shall be raised by the levy of a rate of 1-13/100 mills in the dollar upon the whole of the said assessed value of all the rateable property in the said Municipality as aforesaid.

8. The sum of $90,625.67 required for the general purposes and expenditure of the said Municipality for the current year, shall be raised by the levy of a rate of 9-53/100 mills in the dollar upon the whole of the assessed value of all the rateable property in the said Municipality as aforesaid.

9. The said several rates of 2-36/100, 2-11/100, 1-75/100, 1-13/100, 9-53/100 mills in the dollar to be levied upon the whole of the said assessed value of the rateable property in the said Municipality and the said several rates of 4-70/100 mills and 42/100 mills in the dollar to be levied upon the assessed value of all the property in said Municipality assessable and liable to be rated for a Public School rate and the said rate of 5-12/100 mills in the dollar to be levied on the assessed value of all the property in said Municipality assessable and liable to be rated for the said Roman Catholic Separate School rate (together amounting to 22 mills in the dollar upon the assessed value of the property upon and in respect of which the said several rates are to be levied respectively,) shall be levied and collected at one and the same time as provided by law by the Collector appointed to collect the Municipal rates and taxes of the said Municipality.

10. The City Clerk shall prepare and deliver to the said Collector the Collector's Rolls of the said Municipality for the said year and prepared accordingly to law on or before the first day of May, A.D., 1911.

11. This By-law shall come in force and take effect on its passing.

Committee Room, Kingston, March 31st, 1911.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Committee on Garbage begs leave to report and recommend as follows:—

1. That the following instructions for inspector of garbage collection are hereby adopted:—

(1) Complaints—All complaints by tenants or occupants of houses shall be filed by the complainant at the Police Station

where an order or complaint book shall be kept and in which all orders for garbage removal or complaints concerning the same shall be entered. The inspector shall daily, between the hours of 9.30 and 10.00 a.m. and 2.30 and 3 p.m. attend at the Police Station and shall ascertain and investigate all complaints filed. He shall furthermore enter in the complaint book the date of any complaint made, the date of his investigation and his finding in connection with said complaint and subsequent order concerning it.

All complaints on the part of the Contractor or Contractors shall be made by him or them directly to the inspector, as in the case of complaints by tenants or owners; and the inspector shall follow the same course as outlined in the latter case.

All directions issued from time to time by the inspector for the correction of complaints and for the proper carrying out of the By-law as to the collection of garbage and the enforcement of the agreement between the City and the Contractors shall be faithfully observed and followed by the Contractors, their servants, agents and employees.

(2) General.—In general the Inspector shall see that the rights of both the tenants, and occupants of houses on the one hand, and, of the Contractor or Contractors on the other hand, are protected, in accordance with the By-law regarding the collection of garbage and the agreement between the City and the Contractors.

(3) The complaint book shall be submitted by the Inspector to the Medical Health Officer when required and to the Board of Health at the regular meetings of the Board so that the Board may be able to ascertain how the contract and the inspection of same are being carried out.

(4) Decision of M. H. O. to be final.—The Inspector shall report to and receive all instructions from the Medical Health Officer whose decision in the case of any or all disputes arising out of or connected with the contract for garbage removal, shall be final and binding on all parties.

2. That William McCammon be appointed Garbage Inspector, and shall perform the duties of Garbage Inspector, Sanitary Inspector, Market Clerk and Harbour Master, and that he shall be relieved from any other duties mentioned in By-law No. 11, 1907; that he shall be paid a salary of Six Hundred Dollars ($600) per annum, and that By-law No. 11, 1907, be amended accordingly.

Ald. Carson presented By-law No. 20. The By-law was read a first time and the 31st rule being suspended by two-tirds vote a second and third time the second being in committee of the whole, Ald. Shaw in the chair and was signed and sealed as follows:—

BY-LAW No. 20, 1911.

A By-law to raise by way of loan the sum of $23,558.06 by the issue of debentures to meet the cost of construction of sidewalks and sewers on those portions of the streets of the City of Kingston mentioned in the Schedule annexed to this By-law.

Passed April 10th, 1911.

WHEREAS, in the opinion of two-thirds of all the members of the Council of the Corporation of the City of Kingston it was desirable in the public interest to construct and lay down concrete sidewalks as local improvements on the several portions of streets mentioned and described in column one of part 1 of the Schedule hereto annexed, and by the requisite affirmative vote of three-fourths of the members of said Council, to provide from the general funds of the Municipality forty per cent. of that portion of the cost of the construction of said sidewalks falling on the property benefited in addition to the part of such cost to be provided by the Municipality and to add said forty per cent. to the said part of the cost of construction of the said sidewalks to be provided by the Municipality and to issue debentures for the amount thus obtained.

AND WHEREAS the said Council upon the recommendation of the Local Board of Health did affirm by a vote of two-thirds of all the members of the Council in regular meeting thereof, that it was desirable and necessary in the public interest to construct each of the sewers mentioned and described in column one of part II of the Schedule hereto annexed for the purpose of draining a particular locality for sanitary or drainage purposes, as a local improvement:

AND WHERAS petitions were received by the said Council praying for the construction of common sewers as local improve-

ments on the several portions of the streets respectively mentioned and described in column one of part III of the Schedule hereto annexed, such petition in each case being signed by at least two-thirds in number of the owners of the real property to be benefited thereby respectively, according to the last revised assessment roll of the Municipality, such owners representing in each case at least one-half in value of such real property (the number of such owners and the value of such real property as appeared by the last revised assessment roll of the Municipality having been first ascertained and determined in each case in the manner and by the means provided by a By-law in that behalf) and thereupon the said Council decided that common sewers should be constructed on the said portions of said streets in accordance with the said several petitions:

AND WHEREAS the said several sidewalks and sewers were duly constructed and temporary advances were obtained to meet the cost thereof, and a report has been made thereupon showing that said respective works have been fully completed and a roll or statement has been prepared by the City Engineer pursuant to the By-law in that behalf showing the cost of the said several works respectively and making an assessment therefor upon the several properties benefited by the respective works and it has been certified that the period of twenty years is the probable life of each of the said several works:

AND WHEREAS the assessed value of the whole real property rateable in respect of the said several inprovements as ascertained and finally determined, is the amount mentioned in the eighth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the total cost of the said several improvements is as mentioned in the second column of the said Schedule respectively and the City's portion of such cost is as mentioned in the third column of the said Schedule respectively and the portion of such cost chargeable against the property benefited is as mentioned in the fourth column of the said Schedule respectively opposite the said several works as described in the first column of said Schedule.

AND WHEREAS the number of feet frontage of real property benefited in case of each of such local improvement work is as set down in the fifth column of the said Schedule respectively opposite each such works as described in the first column of said Schedule and the cost per foot frontage chargeable against the real property benefited by and in respect of each such work is as set down in the sixth column of each such schedule respectively opposite each such work as described in the first column of said Schedule and the annual rate per foot frontage to be levied in each year for the period

of twenty years upon the several properties benefited by and in respect of each such work is as set down in the seventh column of the said Schedule respectively opposite each such work as described in the first column of said Schedule, and the said Schedule is in all those particulars the same respectively as ascertained and determined by the said report and roll and statement of the City Engineer and by the Court of Revision and by the County Judge (where an appeal was had) in respect of each of the said several works.

AND WHEREAS the sum of $23,588.06 being the total cost of the said works, is the amount of the debt to be created by this By-law and for the purpose of repaying the said temporary advances it is expedient to raise the said sum of $23,588.06 by the issue of debentures of the said City of Kingston, the principal to be payable in twenty years from the first day of July, 1911, as hereinafter provided:

AND WHEREAS it will require the sum of $818.00 to be raised annually for a period of twenty years to pay the sum of $10,631.85 (being the property owners' portion of the said cost of the said works) and interest at the rate of 4½ per cent. per annum payable half yearly: and it will require the sum of $994.00 to be raised annually for a period of twenty years to pay the sum of $12,926.21 (being the City's portion of the said cost of the said works) and interest at the said rate payable half yearly:

AND WHEREAS the whole rateable property of the said City of Kingston according to the last revised assessment roll is the sum of $9,505,329 and the amount of the existing debenture debt of the said City exclusive of local improvement debts secured by special Acts, rates or assessments, is the sum of $1,092,727.42:

AND WHEREAS the said debt of $10,631.85 is created on the security of the special rate settled by this By-law and is further guaranteed by the Municipality at large:

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston as follows:—

1. It shall be lawful for the Mayor of the said City to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to lend the same upon the credit of the debentures hereinafter mentioned, the sum of $23,558.05 and to cause the same to be paid into the hands of the Treasurer of the purpose of this By-law.

2. It shall be lawful for the said Mayor to cause any number of debentures to be made for such sums of money as may be required, not less than $100 each and not exceeding in the whole the said sum of $23,558.05 and the said debentures shall be sealed with the seal of the said Municipality and signed by the Mayor

and countersigned by the said Treasurer thereof, and shall be used to raise the sum of $23,558.06 by way of loan as aforesaid for the purposes aforesaid.

3. The said debt shall be payable by annual instalments within twenty years from the first day of July A.D. 1911 (which shall be the date of the issue of the said debentures) at the office of the Treasurer of the said City of Kingston in the said City and such instalments shall be of such amounts that the aggregate amount payable for principal and interest in any year shall be equal as nearly as may be to what is payable for principal and interest during each of the other years of the said period of twenty years, and the said debentures shall be issued accordingly and shall have attached to them coupons for the payment of interest thereon as hereafter provided, which coupon shall be signed by the said Treasurer.

4. The said debentures shall bear interest at the rate of 4½ per cent. per annum from the first day of July, 1911, which interest shall be payable half-yearly on the first day of the months of January and July in each year at the office of the said Treasurer in the said City of Kingston.

5. For the purpose of paying the said sum of $10,631,.85 (being that portion of the whole debt hereby created which is to be charged and assessed against the real property benefited) and the interest thereon as aforesaid, the sum of $818.00 shall be raised, levied and collected along with the other City rates and taxes in each year of the said period of twenty years upon the real property immediately benefited by the said several works described in Column one of the Schedule hereto annexed (and which real property is more particularly set forth in the said roll or statement of the City Engineer) by the special frontage rate per foot mentioned in the seventh column of the said Schedule opposite each such work as described in the first column of the said schedule and which said special rate shall be sufficient to produce in each year the said sum of $818.00; and the said debt amounting to the sum of $10,631,85 is created on the security of the said special rate and the debentures issued in respect thereof are guaranteed by the Municipality at large.

6. For the purpose of paying the sum of $12,926.21 (being that portion of the whole debt hereby created which is to be charged and assessed against the City of Kingston) and the interest thereon as aforesaid, the sum of $994.00 shall be raised in each year of the said period of twenty years by a special rate sufficient therefor, to be raised, levied and collected along with the other City rates and taxes in each year of the said period of twenty years as aforesaid upon the whole rateable property in the said Municipality.

7. The said debentures shall be sold and the proceeds thereof shall be applied in paying and discharging the temporary loan or debt incurred in and for the construction of the said works and in no other way and for no other purpose whatever.

8. Any person whose lands are assessed for the said special rate in respect of any of the said local improvements may commute for the payment of his proportionate share of the cost of the said improvements as aforesaid by paying a principal sum according to his frontage as shown in the said roll and statement of the City Engineer as finally revised up to the end of two weeks from and after this By-law shall take effect, after which the said debentures shall be issued and no commutation shall be permitted and the lands of persons commuting shall not be subject to the said special rate and the amount of the said debentures shall be reduced by the amount paid as commutation.

9. During the period of twenty years commencing from and after the first day of July, 1911, the lands only (and not the improvements thereon) specially assessed in respect of the said several sidewalks mentioned in Part I of the Schedule hereto annexed shall be exempt from any general rate or assessment for a like purpose to the extent of sixty per centum of such rate except the cost of like works at the intersection of streets and except such portion of the cost as may be assumed by the Municipality under section 678 of the Municipal Act and except such portion of the general rate as may be imposed to meet the cost of like works opposite real property which is exempt from such special assessment: and the lands only and not the improvements thereon specially assessed in respect of the said several sewers mentioned in Parts II and III of the Schedule hereto annexed shall be exempt from any general rate or assessment for a like purpose except the cost of like works at the intersection of streets and except such portion of the general rate as may be imposed to meet the cost of like works opposite real property which is exempt from such special assessment.

10. This By-law shall come in force and take effect on its passing.

BY-LAW, No. 23, 1911.

A By-law to authorize the construction of a Common Sewer in a part of Brock Street, in the City of Kingston, as a local improvement, under the provisions of the Municipal Act in that behalf.

Passed April 10th, 1911.

WHEREAS, the Council of the Corporation of the City of Kingston has received a petition sufficiently signed, according to the provisions of the said Act, praying for the construction of a Common Sewer in that part of Brock Street from a point 160 feet east of Albert Street, thence westerly to connect with tile sewer in Albert Street, in the City of Kingston, as a local improvement as aforesaid, to be paid for by special assessment of the real property immediately benefited thereby, and as hereinafter provided, and it is expedient to construct the said sewer as prayed;

AND WHEREAS, the estimated cost of the said improvement, including interest on the temporary loan to be raised in connection with its construction, hereinafter provided, is $193.00 part of which cost, estimated at $138.00 is to be provided for by this Council out of the general funds of the Cunicipality, or by a loan as hereinafter mentioned in Section 5, as required by law, but it is deemed advisable to defer making the special assessment for the part of the cost of the said sewer to be levied for by such assessment until the exact cost of the said work has been ascertained after its completion;

BE IT ENACTED by the Council of the Corporation of the City of Kingston, as follows:

1. A Common Sewer shall be forthwith constructed by this Council as a local improvement under the provision of the said Act, to be paid for by a special assessment of the lands immediately benefited thereby, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in Section 5, in the said part of Brock Street hereinbefore in the recital to this By-law mentioned and described, the said sewer to have a sectional area of 63.6 square inches and to be constructed according to the plans and specifications for the same prepared or to be prepared by the City Engineer, and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sewer, except as afore-

said, and the interest on the temporary loan therefor hereinafter mentioned, and meet the interest and principal of the debentures to be issued for the same, as hereinafter mentioned in Section 4, an annual special rate for the same shall be assessed and levied on the real property immediately benefited by the construction of the said improvement, and liable to be assessed according to the frontage thereof for a period to be hereafter determined, but within the probable life of the said improvement, as shall be certified by the City Engineer, which said rate shall be assessed, levied and collected as provided by law; but to enable this council to avoid the necessity of making a supplementary assessment or a refund in case of an over-assessment, such assessment shall not be made until the exact cost of the said improvement has been ascertained after its completion, and in the mean time a temporary loan shall be effected to meet such cost, except as aforesaid, as provided by law in such cases.

3. Upon the ompletion of the said improvement and the ascertainment of its exact cost, the City Engineer shall make measurements of thefrontage of the real property liable to the said rate, of the frontages of the real property exempt from taxation, and of the frontages of the several lots or parcels of land liable to such rate, with the names of the owners thereof, so far as they can be ascertained from the last revised Assessment Roll, and he shall prepare a statement of the same in duplicate, and one of such duplicate statements he shall file in the office of the City Clerk, and the other he shall file in his own office, and the statement filed in the City Clerk's office shall be open to inspection during office hours, and the said City Clerk shall forthwith on the filing of the said statement take the necessary proceedings for the revision of the same by the Court of Revision and by the County Judge, in case of appeal, as required by law.

4. Upon the completion of the said improvements the City Engineer shal ascertain the exact cost of the said improvement, exuclsive of the interest on the temporary loan aforesaid, and the part of such cost to be provided by this Council shall be deducted, and the interest on the temporary loan being added to the balance thus obtained, the said special assessment, after the statement aforesaid shall have been finally revised, shall be made thereon for the said amount and to repay the said temporary loan and interest the said amount shall be raised or borrowed upon the debentures of this Corporation, which shall be issued on the security of the said special assessment, and may be futher guaranteed by this Council if it see fit, as provided by law, and the necessary By-law shall be passed for the said purposes.

5. This Council shall provide out of the general funds of the

Municipality, or by a loan to be raised upon debentures issued for the the purpose, as authorized by law, the cost of all culverts and other works necessary for street surface drainage made in connection with the said sewer, and also the cost of that part of the said sewer, which is incurred at and is chargeable in respect of street intersections, and also one-half of the cost of that part of the said sewer done or made opposite real property, if such property is but on one side of it, which by any general or special act is exempt from special or local assessment, and also the cost of the whole of that part of the said sewer done or maed opposite real property, if such property is on both sides of it, which is so exempt from special or local assessment.

6. This By-law shall come in force and take effect on its passing.

Board of Works.

Ald. Rigney presented report No. 40 from the Board of Works as follows:—

Committee Room, Kingston, April 20th, 1911.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Board of Works begs leave to report and recommend as follows:—

1. On the communication of David Hall et al asking for the construction of a temporary crossing over Brock Street between King Street and Wellington Street, that no action be taken.

2. That the houses on Clergy Street West between Barrie Street and University Avenue be renumbered in accordance with the survey of the City Engineer and the list on file in his office, and that the City Solicitor be instructed to prepare the necessary By-law therefor.

3. That tenders be asked for the following supplies for the year 1911:—

Road-oil—15,000 gallons, more or less;
Asphalt—5 tons, more or less.
Horse and rig, services per month.

4. That the following streets be graded during the present year, and that the Chairman and City Engineer be authorized to make all arrangements necessary for the supply of materials and labor in connection with the same:—

William St. from Aberdeen to University Ave.
Sydenham St. from Johnson to Brock St.

5. That in the opinion of the Members of Council expressed by a two-thirds vote thereof, it is advisable and in the public interest that concrete sidewalks be constructed in the streets named in the attached schedule, as Local Improvements and that 60 per cent of the cost thereof be assessed against the assessable properties fronting thereon.

BY-LAW NO. 27, 1911.

A By-law respecting the numbering of houses and lots on Clergy Street in the City of Kingston.

Passed Aprile 24th, 1911.

WHEREAS, the houses and lots on Clergy street, between Division street and University Avenue are not numbered in accordance with the By-law of said city respecting the numbering of houses and lots and being By-law No. 11 of the Revised By-laws:

AND WHEREAS confusion has arisen from the said houses and lots on said street not being numbered in accordance with said By-law No. 11, and it is expedient to renumber the said houses and lots so far as may be necessary.

AND WHEREAS the City Engineer has surveyed the said street and the houses and lots thereon and has renumbered the houses and lots thereon so far as may be necessary and it is desirable and expedient to adopt the said survey and the said renumbering of the said houses and lots on said street:

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, as follows:

(1) The houses and lots upon that part of Clergy street lying between Division street and University avenue shall be and are hereby numbered and renumbered in accordance with the survey and list made by the City Engineer and now on file in his office.

(2) The City Engineer shall notify the owners of houses and lots upon and along the said street of the numbering and renumbering of the said houses and lots and thereafter the said houses and lots shall be numbered and renumbered in accordance with the said lists and plan and not otherwise.

(3) The penalty provided by By-law No. 11 of the Revised By-laws of the said city for a breach of said By-law No. 11 shall apply to and be applicable to any breach of any of the provisions of this By-law.

(4) This By-law shall come in force and take effect forthwith on its passing.

BY-LAWS.

Ald. Rigney presented By-law No. 28, 1911. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Elliott in the chair and was signed and sealed as follows:—

BY-LAW NO. 28, 1911.

A By-law to authorize the construction of macadam roadway with concrete curb in the streets and parts of streets mentioned in

the schedule hereto annexed in the City of Kingston as local improvements under the provisions of the Municipal Act in that behalf.

Passed, May 8th, 1911.

WHEREAS, in the opinion of three-fourths of all the members of this Council it is desirable in the public interest that a macadam roadway with concrete curb should be laid down on the streets and parts of streets mentioned in the Schedule hereto annexed in the City of Kingston as local improvements under the provisions of the Municipal Act:—

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, by an affirmative vote of three-fourths of the members thereof, as follows:

1. A macadam roadway with concrete curb shall be forthwith constructed by this Council as a local improvement under the provisions of the said Act, to be paid for by several special assessments of the real property immediately benefited thereby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality or by a loan as hereinafter mentioned in section 6, on each street and part of street mentioned in the Schedule hereto annexed which said improvement shall be constructed according to plans and specifications for the same prepared or to be prepared by the City Engineer, and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of each such improvement, except as aforesaid, and the interest on the temporary loan hereafter mentioned, and to meet the interest and principal of the debentures to be issued for the same, as hereinafter mentioned in section 4, an annual special rate for the same shall be assessed and levied on the said real property immediately benefitted by the construction of each such improvement, and liable to be assessed according to the frontage of the said property, for a period to be hereafter determined, but within the probable life of each such improvement as shall be certified by the said City Engineer, which said rate shall be assessed, levied and collected as provided by law; but to enable this Council to avoid the necessity of making a supplementary assessment in any case or a refund in case of an over-assessment in any case, such assessment shall not be finally made until the exact cost of each such improvement has been ascertained after the completion of the same, and in the meantime a temporary loan or loans shall be effected to meet such cost as provided by law in such cases.

3. For the purpose of effecting the temporary loan or loans mentioned in section 2, the Head and Treasurer of the Corporation may, and they are hereby authorized to borrow under the seal of this Corporation from any person or persons, body or bodies corporate willing to lend the same such sum or sums as may be necessary to meet the cost of each such improvement.

4. Upon the completion of each such improvement and the ascertainment of the exact cost of the same, the City Engineer shall in respect of each such improvement make measurements of the frontages of the real property exempt from taxation and of the frontages of the several lots or parcels of land liable to such rate with the names of the several owners thereof, so far as they can be ascertained from the last revised assessment roll, and he shall prepare a statement of the same in duplicate in respect of each such improvement, and one of such duplicate statements in respect of each such improvement he shall file in the office of the City Clerk and the other he shall file in his own office, and the statement filed in the City Clerk's office shall be open to inspection during office hours and the said City Clerk shall forthwith on the filing of the said statement, take the necessary proceedings for the revision of the same by the Court of Revision, and by the County Judge in case of appeal.

5. Upon the completion of each such improvement the City Engineer shall ascertain its exact cost exclusive of the interest on the temporary loan or loans aforesaid and the part of such cost to be provided by this Council in respect of such improvement shall be deducted from the cost so ascertained of such improvement and the interest on the temporary loan or loans in respect of such improvement having been added to the balance thus obtained the said special assessment after the said statement shall have been finally revised, shall be made for the said amount; and to repay the said temporary loan or loans and interest, the said amount shall be raised or borrowed upon the debentures of this Corporation, which shall be issued upon the security of the said special assessment and shall be further guaranteed by this Council, as provided by law, and the necessary By-law or By-laws shall be passed for the said purpose.

6. This Council shall provide out of the general funds of the Municipality, or by a loan to be raised upon debentures issued for the purpose, as authorized by law, forty per cent. of the cost of each such improvement and also the cost of that part of each such improvement which is incurred at and is chargeable in respect of street intersections, and also the cost of that part of each such improvement which is opposite real property which is exempt from special or local assessment.

7. This By-law shall come in force and take effect on its passing.

To provide for the cost of each such improvement, except as aforesaid, and the interest on the temporary loan hereafter mentioned, and to meet the interest and principal of the debentures to be issued for the same, as hereinafter mentioned in section 4, an annual special rate for the same shall be assessed and levied on the said real property immediately benefitted by the construction of each such improvement, and liable to be assessed according to the frontage of the said property, for a period to be hereafter determined, but within the probable life of each such improvement as shall be certified by the said City Engineer, which said rate shall be assessed, levied and collected as provided by law; but to enable this Council to avoid the necessity of making a supplementary assessment in any case or a refund in case of an over-assessment in any case, such assessment shall not be finally made until the exact cost of each such improvement has been ascertained after the completion of the same, and in the meantime a temporary loan or loans shall be effected to meet such cost as provided by law in such cases.

3. For the purpose of effecting the temporary loan or loans mentioned in section 2, the Head and Treasurer of the Corporation may, and they are hereby authorized to borrow under the seal of this Corporation from any person or persons, body or bodies corporate willing to lend the same such sum or sums as may be necessary to meet the cost of each such improvement.

4. Upon the completion of each such improvement and the ascertainment of the exact cost of the same, the City Engineer shall in respect of each such improvement make measurements of the frontages of the real property exempt from taxation and of the frontages of the several lots or parcels of land liable to such rate with the names of the several owners thereof, so far as they can be ascertained from the last revised assessment roll, and he shall prepare a statement of the same in duplicate in respect of each such improvement, and one of such duplicate statements in respect of each such improvement he shall file in the office of the City Clerk and the other he shall file in his own office, and the statement filed in the City Clerk's office shall be

open to inspection during office hours and the said City Clerk shall forthwith on the filing of the said statement, take the necessary proceedings for the revision of the same by the Court of Revision, and by the County Judge in case of appeal.

5. Upon the completion of each such improvement the City Engineer shall ascertain its exact cost exclusive of the interest on the temporary loan or loans aforesaid and the part of such cost to be provided by this Council in respect of such improvement shall be deducted from the cost so ascertained of such improvement and the interest on the temporary loan or loans in respect of such improvement having been added to the balance thus obtained the said special assessment after the said statement shall have been finally revised, shall be made for the said amount; and to repay the said temporary loan or loans and interest, the said amount shall be raised or borrowed upon the debentures of this Corporation, which shall be issued upon the security of the said special assessment and shall be further guaranteed by this Council, as provided by law, and the necessary By-law or By-laws shall be passed for the said purpose.

6. This Council shall provide out of the general funds of the Municipality, or by a loan to be raised upon debentures issued for the purpose, as authorized by law, forty per cent. of the cost of each such improvement and also the cost of that part of each such improvement which is incurred at and is chargeable in respect of street intersections, and also the cost of that part of each such improvement which is opposite real property which is exempt from special or local assessment.

7. This By-law shall come in force and take effect on its passing.

BY-LAW No. 30, 1911.

A By-law to authorize the construction of Macadam Roadway with concrete curb and gutter in the streets and parts of streets mentioned in the schedule hereto annexed in the City of Kingston as local improvements under the provisions of the Municipality Act in that behalf.

Passed, May 8th, 1911.

WHEREAS, in the opinion of three-fourths of all the members of this Council it is desirable in the public interest that a macadam roadway with concrete curb and gutter should be laid down on the streets and parts of streets mentioned in the Schedule hereto annexed in the City of Kingston as local improvements under the provisions of the Municipal Act:—

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, by an affirmative vote of three-fourths of the members thereof, as follows:

1. A macadam roadway with concrete curb and gutter shall be forthwith constructed by this Council as a local improvement under the provisions of the said Act, to be paid for by several special assessments of the real property immediately benefited thereby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality or by a loan as hereinafter mentioned in section 6, on each street and part of street mentioned in the schedule hereto annexed which said improvement shall be constructed according to plans and specifications for the said City Engineer.

2. To provide for the cost of each such improvement, except as aforesaid, and the interest on the temporary loan hereafter mentioned, and to meet the interest and principal of the debentures to be issued for the same, as hereinafter mentioned in section 4, an annual special rate for the same shall be assessed and levied on the said real property immediately benefitted by the construction of each such improvement, and liable to be assessed according to the frontage of the said property, for a period to be hereafter determined, but within the probable life of each such improvement as shall be certified by the said City Engineer, which said rate shall be assessed, levied and collected as provided by law; but to enable this Council to avoid the necessity of making a supplementary assessment in any case or a refund in case of an over-assessment in any case, such assessment shall not be finally made until the exact cost of each such improvement has been ascertained after the completion of the same, and in the meantime a temporary loan or loans shall be effected to meet such cost as provided by law in such cases.

3. For the purpose of effecting the temporary loan or loans mentioned in section 2, the Head and Treasurer of the Corporation may, and they are hereby authorized to borrow under the seal of this Corporation from any person or persons, body or bodies corporate willing to lend the same such sum or sums as may be necessary to meet the cost of each such improvement.

4. Upon the completion of each such improvement and the ascertainment of the exact cost of the same, the City Engineer shall in respect of each such improvement make measurements of the frontages of the real property exempt from taxation and of the frontages of the several lots or parcels of land liable to such rate with the names of the several owners thereof, so far as they can be ascertained from the last revised assessment roll, and he shall prepare a statement of the same in duplicate in respect of each such improvement, and one of such duplicate statements in respect of each such improvement he shall file in the office of the City Clerk and the other he shall file in his own office, and the statement filed in the City Clerk's office shall be open to inspection during office hours and the said City Clerk shall forthwith on the filing of the said statement, take the necessary proceedings for the revision of the same by the Court of Revision, and by the County Judge in case of appeal.

5. Upon the completion of each such improvement the City Engineer shall ascertain its exact cost exclusive of the interest on the temporary loan or loans aforesaid and the part of such cost to be provided by this Council in respect of such improvement shall be deducted from the cost so ascertained of such improvement and the interest on the temporary loan or loans in respect of such improvement having been added to the balance thus obtained the said special assessment after the said statement

shall have been finally revised, shall be made for the said amount; and to repay the said temporary loan or loans and interest, the said amount shall be raised or borrowed upon the debentures of this Corporation, which shall be issued upon the security of the said special assessment and shall be further guaranteed by this Council, as provided by law, and the necessary By-law or By-laws shall be passed for the said purpose.

6. This Council shall provide out of the general funds of the Municipality, or by a loan to be raised upon debentures issued for the purpose, as authorized by law, forty per cent. of the cost of each such improvement and also the cost of that part of each such improvement which is incurred at and is chargeable in respect of street intersections, and also the cost of that part of each such improvement which is opposite real property which is exempt from special or local assessment.

BY-LAW NO. 31, 1911.

A By-law to authorize the construction of Cement or Concrete Sidewalks in the streets and parts of streets, set out in the schedule hereto annexed, in the City of Kingson, as local improvements under the provisions of the Municipal Act in that behalf.

Passed May 8th, 1911.

WHEREAS in the opinion of two-thirds of all the members of this Council it is desirable in the public interest that cement or concrete sidewalks should be laid down on the streets and parts of streets in the City of Kingston severally set out in the schedule hereto annexed, as local improvements under the provisions of the Municipal Act.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, by an affirmative vote of three-fourths of the members thereof, as follows:—

1. Cement or Concrete sidewalks shall be forthwith constructed by this Council as local improvements under the provisions of the said Act, to be paid for by several special assessments of the real property immediately benefited thereby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in section 6, on the said streets and parts of streets mentioned and described in the schedule to this By-law hereto annexed, which said sidewalks shall be constructed according to plans and specifications for the same prepared or to be prepared by the City Engineer, and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sidewalks, except as aforesaid, and the interest on the temporary loans hereafter mentioned, and to meet the interest and principle of the debentures to be issued for the same, as hereinafter mentioned in Section 4, an annual special rate for the same shall be assessed and levied on the said real property immediately benefited by the construction of the said several improvements, and liable to be assessed according to the frontage of the said property, for a period to be hereafter determined, but within the probable life of the said several improvements as shall be certified by the said City Engineer, which said rate shall be assessed, levied and collected as provided by law: but to enable this Council to avoid the necessity of making a supplementary assessment in any case, or a refund in case of an over-assessment in any case, such assessment shall not be finally made until the exact cost of the said several improvements has been ascertained after the completion of the same, and in the meantime a temporary loan or loans shall be effected to meet such cost as provided by law in such cases.

3. For the purpose of effecting the temporary loan or loans mentioned in Section 2, the Head and Treasurer of the Corporation may, and they are hereby authorized to borrow under the

seal of this Corporation from any person or persons, body or bodies, corporate willing to lend the same such sum or sums as may be necessary to meet the cost of the said several improvements.

4. Upon the completion of the said several improvements and the ascertainment of the exact cost of each of the same, the City Engineer shall in respect of each of said improvements make measurements of the frontages of the real property exempt from taxation and of the frontages of the several lots or parcels of land liable to such rate with the names of the several owners thereof, so far as they can be ascertained from the last revised Assessment Roll, and he shall prepare a statement of the same in duplicate in respect of each of the said several improvements, and one of such duplicate statements in respect of each such improvement he shall file in the office of the City Clerk and the other he shall file in his own office, and the statement filed in the City Clerk's office shall be open to inspection during office hours, and the said City Clerk shall forthwith on the filing of the said statements, take the necessary proceedings for the revision of the same by the Court of Revision, and by the County Judge in case of appeal.

5. Upon the completion of the said several improvements the City Engineer shall ascertain their exact cost exclusive of the interest on the temporary loan or loans, aforesaid, and the part of such cost to be provided by this Council in respect of each such improvement shall be deducted from the cost so ascertained of such improvement and the interest on the temporary loan or loans in respect of each such improvement having been added to the balance thus obtained in each case the said special assessment after the said several statements shall have been finally revised, shall be made for the said several amounts; and to repay the said several temporary loan or loans and interest, the said amount shall be raised or borrowed upon the debentures of this Corporation, which shall be issued upon the security of the said several assessments and may be further guaranteed by this Council if it sees fit, as provided by law, and the necessary By-laws shall be passed for the said purpose.

6. The Council shall provide out of the general funds of the Municipality, or by a loan to be raised upon debentures issued for the purpose, as authorized by law, forty per cent. of the cost of the said several improvements and also the cost of that part of the said sidewalks which is incurred at and is chargeable in respect of street intersections, and also the cost of that part of said sidewalks which is opposite real property which is exempt from special or local assessment.

BY-LAW NO. 33, 1911.

A By-law to authorize the construction of a common sewer in a part of Sydenham Street, in the City of Kingston, as a local improvement under the provisions of the Municipal Act in that behalf.

Passed May 22nd, 1911.

WHEREAS the Council of the Corporation of the City of Kingston has received a recommendation from the Board of Health of the said City, for the construction of a common sewer under the provisions of the "Municipal Act" in that behalf, and under the powers conferred by Section 668, Sub-section 4 of "The Municipal Act" in Sydenham Street, from a point 203 feet north of William Street, thence southerly to connect with a tile sewer in William St., in the City of Kingston, and the said Council has by a vote of two-thirds of all the members of the said Council at a regular meeting of said Council, affirmed that it is desirable and necessary in the public interest, to construct the said sewer for the purpose of draining the said locality for sanitary and drainage purposes, as a local improvement to be paid for by special assessment of the real property immediately benefitted by the construction of the said improvement.

AND WHEREAS it is expedient to construct the said improvement as recommended by the said Board of Health and the City Engineer.

AND WHEREAS the estimated cost of the said improvement, including interest on the temporary loan hereinafter mentioned is $485.17 part of which cost $283.18 is to be provided by this Council out of the general funds of the Municipality or by a loan as hereinafter mentioned in Section 4 and the remainder is to be assessed on the real property immediately benefitted and assessable, but it is deemed advisable to defer making the final special assessment for the part of the cost of the said improvement including interest on the temporary loan hereinafter mentioned to be levied for by such assessment on the real property immediately benefitted by said improvement liable to be assessed therefor as aforesaid until the exact cost of the said improvement including said interest has been ascertained after its completion, when the said estimated cost, the proportion thereof to be provided by the Municipality at large, and the proportions thereof to be assessed on the various portions of real estate so benefitted as aforesaid, shall be adjusted in accordance with the said exact cost.

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, as follows:—

1. A Common Sewer shall be forthwith constructed by this Council as a local improvement under the provisions of the said Act, and under the authority aforesaid to be paid for by a special assessment of the real property immediately benefitted thereby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Municipality, or by a loan as hereinafter mentioned in Section 4, in the said part of Sydenham Street hereinbefore in the recital to this By-law mentioned and described, which said Sewer shall have a sectional area of 63.63 square inches and shall be constructed according to the plans and specifications for the same prepared or to be prepared by the said City Engineer and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of the said sewer except as aforesaid, and the interest on the temporary loan hereinafter mentioned and meet the interest and principal of the debentures to be issued for the same as hereinafter mentioned in Section 3, an annual special rate for the same shall be assessed and levied on the said real property immediately benefitted by the construction of the said improvement and liable to be assessed, according to the frontage of the said property for a period to be hereafter determined, but within the probable life of the said improvement as shall be certified by the said City Engineer which said rate shall be assessed, levied and collected as provided by law, but to enable this Council to avoid the necessity of making a second or other additional assessment or a refund in case of an over-assessment, such assessment shall not be finally made until the exact cost of the said improvement has been ascertained after its completion and in the meantime a temporary loan shall be affected by the Mayor and City Treasurer to meet such cost, except as aforesaid, as provided by law in such cases.

3. Upon the completion of the said improvement the City Engineer shall ascertain the exact cost of the same exclusive of the interest on the said temporary loan and the part of such cost to be provided by this Council out of the general funds of the Municipality or by a loan as mentioned in Section 4, shall be deducted therefrom and the interest on the temporary loan being added to the balance thus obtained the said final special assessment shall be made on the real property immediately benefitted by the said improvement for the said amount by an annual special frontage rate on said real property as aforesaid and to repay the said temporary loan and interest, the said amount consisting of the said balance and the interest on the said temporary loan aforesaid, shall be raised or borrowed

upon the debentures of this Corporation which shall be issued on the security of the said special assessment and rate and may be further guaranteed by this Council if it see fit as provided by law and the necessary By-laws shall be passed for the said purposes.

4. This Council shall provide out of the general funds of the Municipality or by a loan to be raised upon debentures issued for the purpose as authorized by law, the cost of all culverts and other works necessary for street surface drainage made in connection with the said sewer, and also the cost of that part of the said sewer which is incurred at and is chargeable in respect of street intersections, and also one-half of the cost of that part of the sewer done or made opposite real property, if such property is but on one side of it, which by any general or special Act is exempt from special or local assessment, and also the cost of the whole of that part of the said sewer done or made opposite real property if such property is on both sides of it which is so exempt from special or local assessment.

SYNOPSIS OF PAVEMENT INSPECTION.

1.—PERMANENT PAVEMENTS.

Your Committee appointed to make an inspection of pavements left Kingston on Tuesday, 16th May, and visited various towns and cities in New York State and elsewhere including Albany, Troy, Buffalo and Niagara Falls, N.Y., Niagara Falls, Ont., Detroit, Mich. and Windsor, Walkerville, Hamilton and Toronto, Ont.

The following presents a brief synopsis of our conclusions based on a fairly comprehensive inspection of pavements in the cities visited:—

Albany and Troy, New York State—

The oldest form of pavement is a granite or other form of stone block. In most cases the blocks are badly cobbled. This is due to the fact that the stone blocks were not laid on a concrete base.

In Troy there are a few blocks of granite block pavement laid by the Hassam Compressed Concrete Company. This pavement is constructed by laying the stone blocks on a concrete macadam road, constructed by the penetration method, and sealing up the spaces between the blocks by a cement grout. The surface of the pavement is then finished off with a one-half inch coat of cement concrete. The pavement inspected was in very good condition except the top coat of concrete which had peeled off and showed effects of traffic although only in use for about one year.

The old stone block pavements in both Albany and Troy are being rapidly abandoned for pavements of a more modern type, principally vitrified brick on a concrete base. The streets in both cities are, however, on fairly heavy grades and this accounts largely for the use of block pavements to a greater extent than sheet pavements. In Troy there are one or two blocks of Bitulithic pavement in A-1 condition.

Niagara Falls, N.Y., Buffalo, N.Y., Detroit, Mich.—

The principal form of pavement in use in all these cities is sheet asphalt on a concrete base.

Tracked streets are paved principally with sheet asphalt on the sides of the streets while some form of block pavement such as Medina, sandstone, vitrified brick or scoria block is used in the track allowances on a concrete base.

Next to sheet asphalt, vitrified brick on concrete appears to be the form of construction most generally used in the above cities.

Windsor and Walkerville, Ont.—

The principal form of pavement in use is Asphalt Block laid on a concrete base. The first pavements of this class laid were constructed without a concrete base, but this method of construction has been abandoned on account of the uneven settlement in the blocks caused by indifferent foundation.

There was also laid in Windsor a considerable area of concrete pavement but this has not proved a success. While of fairly even surface, it has many cracks, both longitudinal and transverse, and it is a serious question as to whether it will stand the extremes of a Canadian climate.

Hamilton, Ont.—

The principal type of pavement is sheet asphalt on a concrete base with some form of a block pavement in the track allowance. The main street of this city has a creosoted wood block pavement in the track allowance and this pavement is also in place on two or three other main streets and on fairly heavy grades. The other and older form of block paving used is the vitrified brick pavement.

Toronto, Ont.—

The principal type of pavement is sheet asphalt on a concrete base with some form of a block pavement in the track allowance. Practically all types of pavement are used. Bitulithic appears to be a very satisfactory form of pavement and is used on heavy grades and to a very large extent throughout the residential section of the city.

Creosoted wood block pavement has been laid to a slight extent on parts of Wellington St. and Yonge St. in the track allowance and stands the traffic well.

Asphalt block pavement has been laid to a considerable extent and shows up well under heavy traffic although in place fo some years.

Pavements recommended for business sections of small cities such as Kingston:—

From observation of the pavements inspected in the cities named we would recommend for Kingston with its comparatively small area of streets in the business section, a block pavement on a concrete base as more suitable than a sheet pavement principally for the reasons that no capital expenditure would be required for plant, and, unskilled labour could be used for its construction and maintenance. As to the kind of block to be used we would recommend the following types in the order named, viz:—Asphalt Block, Creosoted Wood Block, Vitrified Brick, Medina or Nepeun Sandstone, Granite Block.

If sheet pavements be considered desirable for paving the business district of Kingston we would recommend the following, in the order named, viz.:—Bitulithic on a concrete base; Sheet Asphalt on a concrete base.

In deciding on the kind of pavements to be laid, the question of the unit cost of each kind should be considered.

SURFACE TREATMENT OF MACADAM ROADS.

Asphaltic Macadam.—

We examined several miles of Asphaltic Macadam Highway roads constructed by the penetration method in New York State.

This process is still largely in an experimental stage, none of such construction having been in place more than 3 years. Some roads laid one year ago require resurfacing already, while others are in very fair condition after a three years' life. The roads in which the Barber Asphalt Co's Bermudez asphalt was used are much better than the roads in which the residual products of oil were used. It is our opinion that a road built by the mixing process will be much more lasting than one constructed by the penetration method. In connection with the latter process there is too much uncertainty regarding all the parts of the stone forming the aggregate being sufficiently covered or coated with the asphalt, and, on this thorough coating of the stone, to a large extent, depends the success or failure of this type of road construction. With the mixing method this uncertainty is largely eliminated as each piece of stone in the top course of the road would be thoroughly coated with the asphalt binder.

It was not possible to inspect any roads constructed by this latter method as the only roads so built are in Boston, Mass., and Patterson, N.J.

The first cost of construction in Kingston of such roads would be about 32 cents per square yard by the penetration method and about 35½ cents per square yard by the mixing method. These prices are over and above the cost of the macadam road constructed in place.

RECOMMENDATION.

Before making any recommendations with regard to macadam roadways we desire to emphasize the fact that this type of construction is still in an experimental state. The oldest roads we saw had not yet been in use more than three years, and all the roads had been constructed on the penetration method. This method of construction is not as good as the mixed method for reasons already given. Taking these matters into consideration, however, we believe that the mixing method of constructing these roadways will be so much superior to the penetration method than an asphaltic macadam roadway can be built by the former method that will last at least ten years under the comparatively light traffic of our residential districts. The penetration method of constructing asphaltic macadam has not proven a complete success largely by reason of the fact that the asphalt binder has not been uniformly distributed about and among the stones, forming the aggregate in the top course of the road. It is claimed that this defect will be largely done away with by the use of a special cart for spreading, which has ust been invented.

We would, therefore, consider that, if it be decided to abandon the waterbound macadam construction, it would be a reasonable and

businesslike proposition to construct a comparatively small area of asphaltic macadam by the mixing process. We are of opinion that the life of such roads in our residential districts might be safely assumed to be about ten years and that debentures could be issued for that period. Should any roads be built by the penetration method, we would not consider it safe, in the present stage of experience in constructing such roads, to assume for roads in our residential districts a life of more than five years.

We would further recommend that the first work of this class of construction in Kingston be performed by a contractor who is experienced in such construction.

Rocmac.—

We were only able to see a very small area of this method of road construction. On that account and as it had only been in place for one year, we were unable to form any definite opinion concerning the durability of this type of surface treatment of macadam roads.

It is very cheap however, and it might be advisable to make an experiment with Rocmac over a small area of residential roads.

DUST LAYING.

In the several cities we visited roads were treated with water, calcium chloride, oil, tarvia (cold treatment) and other processes for laying dust.

We found that the use of oil for sprinkling macadam roads was almost general. Buffalo has tried calcium chloride but prefers the oil as being more effective. Tarvia, both cold and hot treatments, have been tried in Buffalo parks, one application being made per year. The deputy engineer commissioner speaks favorably of this latter form of dust layer.

Calcium chloride has been used effectively in England but the results have not been so satisfactory in America. The reason assigned for this is that calcium chloride, being a hygroscopic salt, its success as a dust layer depends on its drawing sufficient moisture from the air to keep the road surface damp. It is self evident that in dry localities the results of its use will not be so good as in damper climates.

BY-LAWS.

Ald. Rigney presented By-law No. 35. The By-law was read a first time and the 31st rule being suspended by two-thirds vote a second and third time, the second being in committee of the whole, Ald. Harrison in the chair and was signed and sealed as follows:—

BY-LAW NO. 35, 1911.

A By-law to authorize the construction of Asphalt Block Pavements in the streets and parts of streets mentioned in the schedule hereto annexed in the City of Kingston as local improvements under the provisions of the Municipal Act in that behalf.

Passed, May 29th, 1911.

WHEREAS, in the opinion of three-fourths of all the members of this Council it is desirable in the public interest that an Asphalt Block Pavement should be laid down on the streets and parts of streets mentioned in the Schedule hereto annexed in the City of Kingston as local improvements under the provisions of the Municipal Act:—

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, by an affirmative vote of three-fourths of the members thereof, as follows:

1. An Asphalt Block Pavement shall be forthwith constructed by this Council as a local improvement under the provisions of the said Act, to be paid for by several special assessments of the real property immediately benefitted thereby liable to assessment, except that part of the cost of and connected with the same which is to be provided by this Council out of the general funds of the Muncipality or by a loan as hereinafter mentioned in section 6, on each street and part of street mentioned in the Schedule hereto annexed with said improvement shall be constructed according to plans and specifications for the same prepared or to be prepared by the City Engineer, and under the direction and superintendence of the said City Engineer.

2. To provide for the cost of each such improvement, except as aforesaid, and the interest on the temporary loan hereafter mentioned, and to meet the interest and principal of the debentures to be issued for the same, as hereinafter mentioned in section 4, an annual special rate for the same shall be assessed and levied on the said real property immediately benefitted by the construction of each such improvement, and liable to be assessed according to the frontage of the said property, for a period to be hereafter determined, but within the probable life of each such improvement as shall be certified by the said City Engineer, which said rate shall be assessed, levied and collected as provided by law; but to enable this Council

to avoid the necessity of making a supplementary assessment in any case or a refund in case of an over-assessment in any case, such assessment shall not be finally made until the exact cost of each such improvement has been ascertained after the completion of the same, and in the meantime a temporary loan or loans shall be effected to meet such cost as provided by law in such cases.

3. For the purpose of effecting the temporary loan or loans mentioned in section 2, the Head and Treasurer of the Corporation may, and they are hereby authorized to borrow under the seal of this Corporation from any person or persons, body or bodies corporate willing to lend the same such sum or sums as may be necessary to meet the cost of each such improvement.

4. Upon the completion of each such improvement and the ascertainment of the exact cost of the same, the City Engineer shall in respect of each such improvement make measurements of the frontages of the real property exempt from taxation and of the frontages of the several lots or parcels of land liable to such rate with the names of the several owners thereof, so far as they can be ascertained from the last revised assessment roll, and he shall prepare a statement of the same in duplicate in respect of each such improvement, and one of such duplicate statements in respect of each such improvement he shall file in the office of the City Clerk and the other he shall file in his own office, and the statement filed in the City Clerk's office shall be open to inspection during the office hours and the said City Clerk shall forthwith on the filing of the said statement, take the necessary proceedings for the revision of the same by the Court of Revision, and by the County Judge in case of appeal.

5. Upon the completion of each such improvement the City Engineer shall ascertain its exact cost exclusive of the interest on the temporary loan or loans aforesaid and the part of such cost to be provided by this Council in respect of such improvement shall be deducted from the cost so ascertained of such improvement and the interest on the temporary loan or loans in respect of such improvements having been added to the balance thus obtained the said special assessment after the said statement shall have been finally revised, shall be made for the said amount; and to repay the said temporary loan or loans and interest, the said amount shall be raised or borrowed upon the debentures of this Corporation, which shall be issued upon the security of the said special assessment and shall be further guaranteed by this Council, as provided by law, and the necessary By-laws shall be passed for the said purpose.

6. This Council shall provide out of the general funds of the Municipality, or by a loan to be raised upon debentures issued for the purpose, as authorized by law, forty per cent. of the cost of each

such improvement and also the cost of that part of each such improvement which is incurred at and is chargeable in respect of street intersections, and also the cost of that part of each such improvement which is opposite real property which is exempt from special or local assessment.

7. This By-law shall come in force and take effect on its passing.

Board of Works.

Ald. Bailey presented report No. 56 from the Board of Works as follows:—

Committee Room, Kingston, June 1st, 1911.

To the Mayor and Council of the City of Kingston:—

Gentlemen:—The Committee on Board of Works begs leave to report and recommend as follows:—

1. On the communication of Robert Moon asking compensation from the city for work done by him in constructing a sewer in York St., that on the advice of the City Solicitor, no action be taken.

2. That the tender of the British American Oil Company, Toronto, for the supply of 15,000 gallons, more or less, of Vulcan road oil at the rate of five cents per imperial gallon delivered in tank cars of about 4,000 gallons capacity, be accepted.

3. (a) That the Manager of the Gas Department and the Superintendent of the Water Works Department report to the City Engineer, at once, on the state of all mains and services and what has been done, towards the completion of the work required, in connection with the underground systems of their respective departments, as instructed under Clause 5, Report 45 of the Board of Works, which passed Council May 8th, 1911.

(b) That the City Engineer certify the condition of the respective underground systems on being furnished with the above re-

ports, and that he be authorized and empowered to do all necessary work to insure permanent pavements being properly laid in the following streets, viz.:—

Clarence St.—King St. to Ontario St.

King St.—Brock St. to Clarence St.

Brock St.—King St. to Wellington St.

Wellington St.—Brock St. to Princess St.

4. That a 50 foot length of fire hose, at $1.10 per foot, be purchased for the Fire Department from the funds received under the Flushing By-law. That, in return for this hose that the Fire Department be instructed to furnish the Board of Works with all hose required by them for flushing purposes during the year 1911. That the Committee on Finance and Accounts for the year 1912 be instructed to provide the Board of Works with an extra appropriation for purchasing the amount of hose necessary for flushing, such hose when so provided to be stored, and cared for by the Fire Department.

BOARD OF WORKS.

Ald. Bailey presented Report No. 61 from the Board of Works as follows:—

Committee Room, Kingston, June 16th, 1911.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Board of Works begs leave to report and recommend as follows:—

On the petition of H. W. Waddington, and others, asking for the removal of the fence at the corner of King St. and Brock St., your Committee would respectfully report that they have made arrangements with the contractor erecting the new building at the said corner, to move the said fence in off the roadway, so as to make provision for foot traffic on the granolithic walk, not later than July 15th.

That the following petitions for Isaac Allen for the construction of concrete walks as local improvement, be granted, on their being certified sufficiently signed by the Assessment Commissioner, viz.:—

Earl St. south side, from Collingwood St. to a point 110 feet west of Victoria St.

Earl St., north side, from Victoria St., westerly 110 ft.

Johnson St., south side, from Collingwood St. to Victoria St., thence along the east side of Victoria St. from Johnson St. to the southerly limit of Victoria St., feet south of Earl St.

On the communication of Robert Moon, asking compensation for his labor in connection with the construction of a sewer in York St., from Alma St. to Barrie St., that no action be taken.

That the Chairman and City Engineer be given authority to act in connection with the matter of replacing a plate glass window in a building on Wellington St., which was accidently broken in making an excavation in said street.

Respectfully submitted,

(Signed) S. R. BAILEY, *Chairman pro tem.*
J. CARSON,
WM. R. CLUGSTON,
R. H. TOYE,
T. F. HARRISON,

Moved by Ald Bailey, seconded by Ald Harrison (7), that the report of the Board of Works be received and adopted.—Carried.

Moved by Ald. Elliott, seconded by Ald. Toye (8), that the 33rd rule be suspended, that the Report of the Light, Heat and Power Committtee may be received, although not yet signed by a majority of the Committee.—Carried.

LIGHT, HEAT AND POWER.

Ald. Elliott presented Report No. 62 from the Committee on Light, Heat and Power as follows:—

Committee Room, Kingston, June 13, 1911.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Committee on Light, Heat and Power begs leave to report and recommend as follows:—

1. That the report covering the extensions of the gas mains to Livingston Ave. and Albert St. be held over and a second canvass be made in the hope of obtaining the requir[illegible]l number of signatures.

2. That a carload of poles be purchased from Walter Lamb, his tender being the lowest.

3. That the Manager be instructed to prepare plans for a new gas manufacturing set and on completion of same the Committtee be empowered to call for tenders.

4. That the report of the Chairman covering the issue of debentures be received and adopted and forwarded to Council.

5. That debentures be issued for the sum of $35,914.08 as the revenue derived from this expenditure is in excess of the amount required by law, and that a By-law be presented to Council regarding the same. Also that the sum of $15,413.30 be taken from the surplus and applied to wipe out the Department's indebtedness to the Bank, and that the sum of $2,000 be set aside to form a nucleus of a depreciation account which can be added to from year to year.

6. That no action be taken regarding the taking off of the meter rentals this year.

7. That this Committee be empowered to award contract for year's supply of coal, also award contracts for general supplies, also material required for repairs, alterations or extensions in connection with the department, and that accounts signed by the Chairman and certified correct by the Auditor, be paid. This applies to vacation only.

Respectfully submitted.

(Signed) R. F. ELLIOTT, *Chairman.*

R. H. TOYE,

Moved by Ald. Elliott, seconded by Ald. Toye, that the report of the Committee on Light, Heat and Power be received and adopted.

This resolution was carried on the following division—

Yeas—Mayor Graham, Ald. Bailey, Carson, Couper, Clugston, Elliott, Fair, Harrison, Hoag, Litton, Shaw, Toye,—12.

Nays—0.

Moved by Ald. Fair, seconded by Ald Hoag (9), that rule No. 33 be suspended so that the port of the Committee on Fire and Light may be received although not yet signed by a majority of the Committee.—Carried.

FIRE AND LIGHT.

Ald. Fair presented Report No. 63 from the Fire and Light Committee as follows:—

Committee Room, Kingston, June 16, 1911.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Committee on Fire and Light begs leave to report and recommend as follows:—

1. That the amended tender of Jas. Laturney to construct a ladder truck according to the amended specifications be accepted at a cost of $1,175.00.

2. That authority be given this Committee to advertise and award tenders for the following supplies:—1,000 pounds bluestone,

2 rubber coats, Nos. 8 and 9; 400 feet of fire hose; 2 fire alarm boxes; 2 sett of large door springs; 1 pair of horse collars; 1 pair of harness hangers.

Respectfully submitted,

(Signed) ROBERT FRASER.
F. J. HOAG,
W. J. FAIR,

Moved by Ald. Fair, seconded by Ald. Hoag (9a), that the report of the Fire and Light Committee be received and adopted.—Carried.

CITY PROPERTY AND MARKETS.

Ald. Hoag presented Report No. 64 of the Committee on City Property and Markets as follows:

Committee Room, Kingston, June 14, 1911.

To the Mayor and Council of the City of Kingston:—

Gentlemen,—The Committee on City Property and Markets beg leave to report and recommend as follows:—

1. That the lease of the nuisance ground from Mrs. McCallum be renewed on the same conditions and at the same rental as last year.

2. That Stanley and Gordon Adsit be appointed caretakers of the fair grounds.

Respectfully submitted.

(Signed) F. J. HOAG, *Acting Chairman.*
JOHN M. LITTON,
D. COUPER,
WM. R. CLUGSTON.
S. R. BAILEY,

Moved by Ald. Hoag, seconded by Ald Clugston (10), that the report of the Committee on City Property and Markets be received and adopted.—Carried.

Moved by Ald. Litton, seconded by Ald. Bailey (11), that the Chairman of the Property Committee and City Engineer be given authority to get the roof of the City Buildings repaired.—Carried.

MOTIONS.

Moved by Ald. Carson, seconded by Ald. Litton (12), that the Committee on Water Works be authorized to advertise for tenders, when necessary, for 1,200 tons of coal screenings and to award the contract for same.—Carried.

Moved by Ald. Hoag, seconded by Ald. Elliott (13), that the Chairman of the Board of Works and the City Engineer be instructed to carry out the ratepayer's wishes with regard to the extension of Barrie Street from Quebec to Pine Streets forthwith.—Carried.

Moved by Ald. Elliott, seconded by Ald. Hoag (14), that when this Council adjourns this evening it stands adjourned until Monday the 9th day of October, 1911, and that, notwithstanding anything in the City By-laws, the City Treasurer be authorized to pay all accounts during vacation every two weeks, the same as if Council met in regular session, when same have been certified to by the City Auditor and signed by the Chairmen of the various Committees.—Carried.

Moved by Ald. Hoag, seconded by Ald. Bailey (15), that the City Clerk be authorized to call for tenders for the lease of the market fees and weighing charges at No. 2. Market, and that the Committee on City Property and Markets be empowered to award the lease to the highest tenderer. Also that tenders for the year's fuel for the City Buildings and the Fire Department be called for when necessary and that the Committee on City Property and Markets be empowered to award same.—Carried.

Moved by Ald. Hoag, seconded by Ald. Couper and resolved (16), that in furtherance of the resolution passed at the last meeting of the City Council the City Solicitor be instructed to prepare a license of occupation to be executed by this Corporation and signed by the Mayor authorizing the Board of Education to occupy and use as a play ground by the pupils of Frontenac School, but for no other purpose, the lots owned by the City of Kingston adjacent to the lands of the Frontenac School; such license of occupation to be terminable at any time upon giving one week's notice to the Board of Education.—Carried.

Moved by Ald. Carson, seconded by Ald. Elliott (17), that the matter of receiving the Old Boys on their Home Coming be left in the hands of the Finance Committee with power to act.—Carried.

Moved by Ald. Elliott, seconded by Ald. Hanley (18), that the City Property Committee be empowered to decorate the City Buildings for Coronation.—Carried.

TO ADJOURN.

BY-LAW NO. 38, 1911.

A By-law to raise by way of loan the sum of $40,000 for the purpose herein mentioned.

Passed, August 23rd, 1911.

WHEREAS, the Board of Education for the City of Kingston has applied to this Council to pass a By-law for borrowing the sum of $40,000 by the issue and sale of debentures of this Corporation for the purchase of a school site and the erection thereon of a school house, both for Public School purposes:

AND WHEREAS in the opinion of this Council it is expedient to grant the said application and to pass said By-law.

AND WHEREAS the amount of the debt to be created by this By-law is $40,000:

AND WHEREAS the total amount required to be raised annually during the currency of said debt by special rate on the rateable property liable thereto for paying the said debt and interest as hereinafter provided is $2,456.

AND WHEREAS the amount of the whole rateable property of the said Municipality according to the last revised Assessment Roll, being for the year 1911, is $9,505,329:

AND WHEREAS the amount of the existing debenture debt of the said Municipality exclusive of the local improvement debts secured by special acts, rates or assessments, is $1,071,600.97 and no part of the same or of the interest thereon is in arrears:

BE IT THEREFORE ENACTED by the Council of the Corporation of the City of Kingston, as follows:

1. It shall be lawful for the Mayor of the said Corporation for the purposes aforesaid to raise by way of loan upon the credit of the Corporation by the issue of the debentures hereinafter mentioned from any person or persons, body or bodies corporate who may be willing to advance the same a sum of money not exceeding in the whole the said sum of $40,000 and to cause the same to be paid into the hands of the Treasurer of the said Corporation for the purpose aforesaid.

2. It shall be lawful for the Mayor of the said City for the purposes of said loan, to cause any number of debentures to be made for such sums of not less than $100 each as may be required

and which said debentures shall be sealed with the seal of the Municipality and signed by the Mayor and countersigned by the Treasurer thereof, and together shall not exceed the sum of $40,000.

3. The said debt of $40,000 shall be payable in annual instalments within thirty years from the first day of July, 1911, at the Office of the City Treasurer in said City, and the said debentures shall have attached to them coupons for the payment of the interest thereon half yearly as hereinafter provided, which coupons shall be signed by the said Treasurer, and the said instalments shall be of such amounts that the aggregate amount payable for principal and interest in any year in respect of the debt shall be equal as nearly as may be to what is payable for principal and interest during each of the other years of said period and the said debentures shall be issued accordingly.

4. The said debentures shall bear date within two years after the passing of this By-law and shall bear interest at the rate of four and a half per cent. per annum from the date thereof, which interest shall be payable half yearly on the first day of January and July in each year at the office of the said City Treasurer in the City of Kingston.

5. For the payment of the said debt and the interest to become due thereon an annual sum of $2,456 shall be raised in each year of the said period of thirty years by a special rate upon all the property of ratepayers in said Municipality who are supporters of Public Schools.

6. This By-law shall come in force and take effect on its passing.

(6 per cent.) per annum before any dividend is paid upon the Common Stock.

2. Said Preferred Stock to be subject to redemption at One Hundred and Ten Dollars ($110) per share and accumulated dividends, upon such notice to the holders thereof as the Directors may determine on any interest day and upon surrender of the certificates to the Treasurer of the said Company.

3. The said Preferred Stock shall be secured by a second mortgage on the lands particularly described in paragraph six of this agreement, and on the buildings to be erected thereon from the said Company to the Standard Bank of Canada as Trustees for the said Preferred Stockholders.

4. Every share of Preferred Stock shall carry with it the same voting powers as like shares of the Common Stock.

5. In the event of liquidation the net proceeds of the assets of the Company after discharging any mortgage that may be on the property to secure the bonds hereinafter named shall be first applied to the payment to the holders of the Preferred Stock of the sum of One Hundred Dollars ($100) per share and accrued and unpaid dividends thereof, and the said payment shall be a first charge on the said assets subject as aforesaid.

6. The Board is to convey to the said Company free and clear of all incumbrances the lot of land on King Street known as the Carruthers Lot, containing about three and one-half acres, and the Board is to pay to the Company as hereinafter mentioned the sum of Twenty Thousand Dollars ($20,000) and for said Twenty Thousand Dollars ($20,000) and said Deed of land the said Company is to deliver to the Board Fifty Thousand Dollars (50,000) par value of said Preferred Stock.

7. The said Company is to make a bond issue of One Hundred Thousand Dollars ($100,000) secured by a first mortgage to the Toronto General Trusts Corporation as Trustees, on said land, and the buildings to be erected thereon, which said bonds shall bear interest at the rate of four and one-half per cent. (4 1-2 per cent.) per annum, payable half-yearly.

8. The Board agrees that it will use its best efforts to have the City of Kingston guarantee the said bond issue of One Hundred Thousand Dollars ($100,000).

9. The Contractors will procee within thirty days after the fina passing of the City By-law guarantee ing the said bonds to erect a fire proof hotel on said land as per plan filed with the Board, and plans an specifications to be submitted to an approved by an architect to be de signated by the Corporation of th City of Kingston, at an approximat cost of One Hundred and Eight Thousand Dollars ($180,000), exclusiv of the land, and complete same with in eighteen months; and will furnish and equip the same ready for busi ness, the approximate cost of sai furniture and equipment to be Fifty Thousand Dollars ($50,000).

10. The said hotel when completed is to be leased by the said Company to the said Charles E. Phenix and J. Wilbur Stevens for a term of ten years with a renewal option of ten years, and at a cash rental sufficient to pay the interest on said bonds the dividends on said Preferred Stock and provide a sinking fund of at least Two Thousand One Hundred Dollars ($2,100) a year for the purpose of retiring said first mortgage bonds, said annual payments for the sinking fund to be paid to the Toronto General Trusts Corporation, Trustees for the bond holders; and in addition to said amount the said Charles E. Phenix and J. Wilbur Stevens shall pay all taxes, including Local Improvement taxes, insurance, repairs, replacements and other charges of every nature and kind connected with or incident to the maintenance and running of said hotel during the term of said lease or the renewal thereof.

11. The bonds guaranteed by the City of Kingston are to be issued (or if previously sold the proceeds thereof advanced) by the Trustees to the Company in the following manner:

An architect to be named by the City of Kingston is to give the Toronto General Trusts Corporation, the Trustees, monthly a certificate signed by him of the value, as a part of the hotel to be constructed as aforesaid of the work done and material used in the erection of the hotel for a month preceding the date of the certificate, and upon the said certificate the Trustees are to advance to the Company fifty per cent. (50 per cent.) of the value of construction for the month so ascertained until the whole value of the work done and certified as aforesaid shall be One Hundred and Fifty Thousand Dollars ($150,000); the balance of the bonds or the proceeds thereof not so advanced to be issued or paid over to the Company by the Trustees after the expiration of thirty-one days from the completion of the hotel as certified to by the said architect upon delivery to the Trustees of a certificate of the Registrar for the City of Kingston that at the

expiration of said thirty-one days no undischarged Mechanics Liens were registered against the lands comprised in said mortgage.

12. The Board will arrange for a fixed assessment on the property at a sum not to exceed Fifty Thousand Dollars ($50,000), exclusive of school taxes.

13. The Contractors agree that the City Solicitor of Kingston shall be a Director on the Board of the said Company as the nominee of the City of Kingston, and for this purpose agree to transfer to the City of Kingston, free of charge, sufficient Common Stock to qualify him as a Director.

14. The Preferred Stockholders who may from time to time hold the Fifty Thousand Dollars ($50,000) of Preferred Stock to be issued in the first place to this Board, or such persons as it may designate shall have as a Director of the Company such person as may be nominated by the majority in value of the holders of said Fifty Thousand Dollars ($50,000) Preferred Stock.

15. All contractors in the City of Kingston are to have an opportunity to tender for the construction of the said hotel.

IN WITNESS THEREOF the said parties hereto have hereunto subscribed their names and affixed their seals the day and year first above written.

BY-LAW NO. 44, 1911.

A By-law to partially exempt from Municipal taxation and from payment of Water Rates, the property of the Commercial Box and Envelope Company of Canada, Limited.

Passed,

BE IT ENACTED by the Council of the Corporation of the City of Kingston, as follows:

WHEREAS, the Kingston Paper Box Company and the Commercial Envelope and Box Company of Binghampton, in the State of New York, have represented to this Council that they propose to procure to be incorporated a limited liability company in Canada by Letters Patent of the Dominion under the name of The Commercial Box and Envelope Company of Canada, Limited, with an authorized capital stock of $150,000:

AND WHEREAS it has been further represented that the said proposed Company is to acquire for use in Canada all the inventions and processes of the said Binghampton Company, and is to acquire the good will and assets of the said Kingston Company:

AND WHEREAS it has been further represented that the proposed Company intend to build a factory in Kingston and equip it thoroughly: the factory and site to be of an estimated cost of $18,000, and the plant, machinery and equipment of an estimated cost of $20,000 in addition:

AND WHEREAS it has been further represented that the said factory and business when established will employ one hundred hands with a pay roll of at least $300 per week:

AND WHEREAS this Council has been petitioned, in consideration of the true and faithful performance by the Company proposed to be incorporated of the representations as hereinbefore set out, to grant partial exemption from taxation and from the payment of water rates as hereinafter set out:

AND WHEREAS in view of the advantages likely to accrue to this Municipality from the establishment and operation of the said factory and business by the proposed Company, pursuant to the representations hereinbefore recited, it is expedient to grant the prayer of said petition but subject as herein provided:

BE IT THEREFORE ENACTED as follows:

1. The property of The Commercial Box and Envelope Company of Canada, Limited, shall be exempt from Municipal taxation (except taxation for school purposes), and also from the payment of water rates in excess of the cost of the water furnished to the said Company from the Works of the said Corporation, for and during a period of ten years to be computed from the first day of January, 1913, and after the expiration of said period for a further period of ten years, but subject as hereinafter provided.

2. The cost of the water furnished to the said Company from the Works of the said Corporation for the purposes of the foregoing section shall be fixed by the Superintendent for the time being of the said Works.

3. The partial exemption from taxation and from the payment of water rates hereby granted is conditional upon the due observance and performance of each and every the representations on the part of the proposed Company in the recitals herein contained and upon the failure of the proposed Company to do, observe and perform each and every the said representations in the recitals herein on the part of the proposed Company contained, thereupon and thereafter the said partial exemption from taxation and from the payment of water rates hereby granted shall cease, determine and be utterly void.

4. For the purpose of determining whether the proposed Company is complying with the conditions hereinbefore set out, this Corporation shall appoint one or more of its officials to enquire and report whether the said proposed Company is complying with the said conditions and the said official or officials shall report to this Council upon the said matters from time to time during the erection of the proposed factory and the installation of the machinery therein and thereafter at least once in each year during the currency of the partial exemption hereby granted and for the purpose of such enquiry and report the Company shall admit such official or officials to the proposed Company's premises and works and shall permit such official or officials to examine the books of the proposed company and shall facilitate by all reasonable means the enquiry of said official or officials and the report and reports so made from time to time shall be final and conclusive as to whether in fact the said conditions have been observed and performed and as to whether the proposed Company has by performance of each and every the said conditions earned the right to said partial exemption.

5. This By-law shall come in force and take effect on its passing.

6. The votes of the duly qualified electors of the said municipality shall be taken upon this By-law, at the same hour, on the same day, and at the same places, and by the same Deputy Returning Officers as for the annual election for the Municipal Council for the year 1912.

7. On the 28th day of December, 1911, at the hour of eleven o'clock in the forenoon, the Mayor of the said City shall attend at the office of the City Clerk in said City for the purpose of appointing and shall appoint in writing signed by him, two persons to attend at the final summing up of the votes given for and against this By-law and one person to attend at each polling place on behalf of the persons interested in and desirous of promoting the passing of this By-law, and a like number on behalf of the persons interested in and desirous of opposing the passing of this By-law, which place, day and hour are hereby fixed for said purpose.

8. On the 2nd day of January, 1912, at the hour of twelve o'clock noon, at his office in the City of Kingston, the Clerk of said Municipality shall attend and sum up the number of votes for and against the By-law.

Ald. McCann presented By-law No. 45. The By-law was read a first time, and the 31st rule being suspended by two-thirds vote, was read a second and third time . Ald. Elliott in the chair, and was signed and sealed as follows:

BY-LAW NO. 45, 1911.

Special Committee re Re-Organization Civic Departments.

Ald. Shaw presented report No. 89 from the Committee on Re-organization of Civic Departments as follows:—

Committee Room, Kingston, Dec. 16th, 1911.

To the Mayor and Council of the City of Kingston:

Gentlemen,—The Special Committee on Re-organization of Civic Departments begs leave to report and recommend as follows:—

1. That the following report from the sub-committee appointed to investigate the system of bookkeeping in the Treasury Department be adopted:

Report of Sub-Committee to Special Committee.

Gentlemen,—Your committee appointed to examine the method adopted by the City of Kingston in connection with the

financial department thereof, beg to report that there are three separate departments under the supervision of the City Treasurer, viz.: Civic, Light and Water;

Realizing the importance of abbreviated methods, having in view the reduction of labour and, if possible, the curtailing of expenditure, your committee very closely examined the system adopted by each Dept., giving special attention to the system of original entries and registration, going thoroughly over their books, accounts, &c., and found that the method adopted under report of April 21st, 1904, and continued with few changes, commends itself as a system well adapted for a municipality desirous of retaining departments separate and distinct from each other, affording as it does opportunity for the officials to prepare with despatch any statement required by the City.

The revenue for 1910 from the several departments was almost entirely collected within the year and amounted in taxes, licenses, light and water to $342,406.81, as follows:—

Revenue.

Civic Department	$208,569 86
Light Department	93,273 45
Water	40,563 50
Total	$342,406 81

Expenditure.

Civic Department	$208,217 23
Light Department	75,188 74
Water Department	34,369 30
Total	$317,775 27

The expense in connection with the handling of the funds and keeping the accounts of these departments is less than one per cent.

Further, the officials of the Treasurer's Department handle debentures amounting to $1,224,564.16 on which half-yearly dividends have to be paid and the coupons properly filed, and as these dividends range from ten dollars upwards it will readily be seen the amount of work this entails upon the officers.

That owing to the complexity in the details and the manner in which the accounts must of necessity be prepared, as the charges cannot be made until the consumption of light and water is reported upon after inspection of the meters, separate accounts must be furnished to the consumers, the public having the right to pay all their indebtedness to the several departments at one and the same time.

We congratulate the City upon the very efficient staff of officers in charge of the different departments of this work, composed of only five men and one stenographer, also upon the small outlay in connection therewith, and would give it as our opinion that no more efficient, painstaking staff of officials could be procured.

(Signed) C. J. GRAMAM, *Mayor.*
A. SHAW,
W. J. FAIR,

2. The Committee on Light, Heat and Power and Water Works having been amalgamated, shall be designated "The Committee on Civic Utilities" with C. C. Folger as General Manager of the work of this department at a salary of $2,000 per annum.

The City Council shall take the necessary steps to have all work on the public streets performed by the City Engineer's department, holding such department responsible for the condition of the streets.

The Committee on Civic Utilities recommend that prices required by them, for work on the streets, be embodied in an agreement between them and the City Engineer's Department; and also that a suitable and competent mechanical engineer be placed in charge of all machinery controlled and operated by said committee.

Respectfully submitted,

(Signed) A. SHAW,
